### VENUE:

East Surrey College, Gatton Point, London Road, Redhill RH1 2JX.

### PRIOR KNOWLEDGE/SKILLS REQUIRED:

There are no entry requirements for this course. Although an appreciation for Fine Art and Photography is desirable.

### COURSE DESCRIPTION:

Get to know your camera and learn more about photography in this practical skills course in Photography, Photoshop and Darkroom. Whether you're a beginner or improver, your professional photographer tutor will help you develop photography skills further and/or focus on specific photographic projects. You will initially be taken through the key stages in photography, working with composition, exposure and image editing. The course will cover digital or analogue camera fundamentals, as well as introduce you to skills in digital imaging and darkroom printing - you can even try your hand at studio photography in a professional photo studio. Your tutor will support you in a variety of subject areas including portraiture, landscape, still life and documentary photography.

By the end of the course, you should be familiar and competent through practice in the following topics:

- Understanding the importance of composition, texture, and colour
- Familiarity with automatic and manual DSLR camera settings
- Experiment with shutter speed, aperture, and ISO
- Familiarity with digital enhancement and editing software
- Analogue darkroom processes.

### EQUIPMENT NEEDED:

Any camera, memory card and a USB memory stick for saving your work for future use. Smartphone to access IT system.
