

VENUE AND DURATION OF COURSE:

East Surrey College, Gatton Point, Redhill, RH1 2JX, 1 year Full-time (4 days per week).

ENTRY REQUIREMENTS:

Interview and assessment of:

- Educational Health and Care Plan.
- Students who demonstrate willingness and capacity to take up paid work in the near future.
- Students working towards Entry 3 English and Maths.

WHAT QUALIFICATIONS WILL I GET?

LASER Extended Award for Getting Into Employment Level 1.

COURSE DESCRIPTION:

The Supported Internship is a programme designed to develop the skills required for students with SEN to access employment and to find meaningful work that meets their aspirations. Students will attend college one day a week to learn the skills required in the workplace and a Job Coach will support the students to find work on three other days (hours and days in work are dependent on the individual student and the needs of the business).

UNITS/TOPICS COVERED:

- Health & Safety in the workplace
- Working with others
- Job search techniques
- Interview skills
- Personal presentation

TYPE OF ASSESSMENT:

Completion of coursework and observations within the workplace.

EQUIPMENT NEEDED:

Lever Arch File and basic stationery.

WHERE CAN IT LEAD?

- Paid Employment
- Voluntary Work
- Mainstream Level 1 Course

COURSE FEE:

If you are under 19 on 31/08/2025, tuition is free. If you are 19 or over, please consult Client Services for advice and guidance on funding and eligibility. Please be aware that there may be additional costs for equipment and educational visits. This information will be available from the curriculum staff at the interview.

WHAT TO DO NEXT:

If you have any outstanding queries, please contact our Client Services team on 01737 788444 or at clientservices@esc.ac.uk.

Life Skills – Special Educational Needs & Disabilities (SEND) - Frequently Asked Questions

How many students are there in the group? What is the staff/pupil ratio? Group sizes may vary, but for Entry Level, it is usually between five and ten students depending on the individual support needs within the group. There is always a Lecturer and Learning Support Assistants allocated according to the individual needs of the students. This is planned at the transition stage and may be increased or decreased following reviews of progress. Some students may have high support needs, in which case there is 1:1 support in the class and during break times.

Are students supervised at lunch/break times? What is the staff/pupil ratio? Parents/carers routinely comment favourably on our inclusive environment. Students are encouraged to mix with others to develop social skills and are supervised during all breaks and lunchtimes. Depending on the needs of the individual student, this could be 1:1 or through group support.

Are students able to access all the College facilities? Individual needs are taken into account to assess which College facilities and events are accessed. The majority of our students are fully integrated into College life and benefit from using all our facilities. They take part in cross College activities and enrichment sessions, such as fun sports and social activities, charity fund-raising, College conferences and Freshers' Week.

Can the College provide any equipment that the young person might need? Each individual student's needs are taken into account and students are asked during the interview process if they require any assistive technology or specialised equipment to support their learning. The College will endeavour to purchase what is needed for individual students.

What type of experience does staff have? Our staff are knowledgeable and experienced in working with students who have learning difficulties and disabilities. Teaching staff have also taught in a wide variety of settings including with Mencap, PMLD, MLD and SLD schools and educational settings. All staff – whether teaching or support – take part in an annual commercial upskilling programme engaging with employers and other external practitioners.

What have students gone onto once they have left the course? Each student is different so may move to different settings. The majority of students progress through the Life Skills - SEND department and move onto Level 1 courses and higher throughout the College, eventually leading to employment. Others may not stay as long and take up paid work, voluntary work or independent living.
