

VENUE AND DURATION OF COURSE:

East Surrey College, Gatton Point, Redhill, RH1 2JX. Two years Part-time. One day a week.

ENTRY REQUIREMENTS:

Two A Levels or equivalent in Maths and another technical subject (normally Physics). An Engineering Level 3 BTEC National Certificate, Diploma or Extended Diploma. Applications from mature entrants with industry experience are also invited.

PROGRAMME OVERVIEW:

This qualification is designed to meet the needs of those already in employment and looking to further their career within electrical or electronic engineering. You will have the chance to develop the ability to analyse and solve electronic engineering problems, apply practical knowledge and understanding to digital electronic circuits and devices, electrical systems, fault finding and control systems. You must be at least 18 years of age. Our Higher National offer has been developed in conjunction with local employers to meet the needs of the local workforce.

PROGRAMME STRUCTURE:

The course consists of 4 core units common to all Engineering BTEC programmes, a subject specific mandatory unit and three additional units chosen from a range.

Mandatory Units:

- Engineering Design
- Engineering Maths
- Engineering Science
- Managing a Professional Project
- Electrical and Electronic Principles

Current offer of optional Units: Three required

- Mechatronics
- Instrumentation and Control Systems
- Digital Principles
- Electro, Pneumatic and Hydraulic Systems
- Electrical Machines
- Electronic Circuit and Devices
- Electrical Systems and Fault Finding
- Mechanical Principles
- CAD for Maintenance Engineers
- Electro, Pneumatic and Hydraulic Systems

PROFESSIONAL RECOGNITION:

Electrical & Electronic Engineering Level 4 BTEC Higher National Certificate.

ASSESSMENT:

The course will be internally assessed through a programme of assignments, projects, case studies and practical activities.

EQUIPMENT NEEDED:

- Pens/Pencils
- Scientific Calculator
- Lever arch folder
- Recommended textbooks
- Laptop with recommended Student software
- Licences installed (Matlab and MultiSim)

TUITION FEES:

£3,365 per year in 2025/26. Please be aware that there may be additional costs for equipment and educational visits. This information will be available from the curriculum staff at interview.

STUDENT LOANS AND FINANCIAL SUPPORT:

Full-time and Part-time students from the UK/EU who are studying for a Higher Education course can apply to the Student Loans Company (www.slc.co.uk) for a Tuition Fee Loan for the full amount (this will be paid directly to the College). Additionally, Full-time UK-only students can apply for a Maintenance Loan (to cover living costs). The Government have also introduced the Maintenance Loans to Part-time students. Evidence of an approved loan must be provided at enrolment in the form of the Payment Advice letter provided by the Student Loans Company. Further details of how to apply for a Student Loan can be found at www.direct.gov.uk/studentfinance.

OTHER PAYMENT METHODS:

If you are not eligible for financial support you will need to pay for the course privately which could include a contribution from your employer. For more information, visit: www.esc.ac.uk/fees-and-student-loans.

WHERE CAN IT LEAD?

An Engineering Higher National Certificate can lead to further progression in the engineering sector. It can also provide the option to top up your Higher National Certificate to a Level 5 Higher National Diploma. This requires you to study a further 8 units to complete your HND.

HOW TO APPLY:

To apply online for this course please visit www.esc.ac.uk. If you have any outstanding queries, please contact our Client Services team on 01737 788444, or email: clientservices@esc.ac.uk.
