# Why Choose ESC?

## High Quality Teaching

- > We are committed to providing high quality teaching and learning opportunities for all our students
- > We liaise with schools to ensure we can meet any support needs of school leavers
- > Tutors encourage and support students as they explore and develop their own learning style
- > A range of teaching methods are used (such as experimentation, active participation and focussed study) to ensure that students stay motivated and inspired
- > Our students achieve excellent success rates whether they progress on to employment or additional study in Further or Higher Education

## Excellent Progression to Work and Higher Study

2014/15 destination data shows that 98.8% of students had a positive destination after completing their qualification at East Surrey College, with the majority progressing directly to employment related to their course of study and increasing numbers into Higher Education.

## Growing Provision

- > We continually explore new areas that we can offer for full-time or part-time study in a variety of fields
- > We have a growing range of Higher Education courses which provide excellent progression routes
- > We work very closely with many local schools to ensure we provide a good progression pathway and also offer places to over 500 students aged 14-16 on specific courses alongside their school studies

## Strong Industry Links

- > We have excellent links with local businesses and professional organisations, ensuring that courses are relevant and current
- > Local employers input to our courses, which enriches the student experience
- > Students participate in industry-driven placements and competitions

## First Class Facilities

- > We continue to invest in our outstanding facilities to ensure that students can use the latest technology within a realistic work environment
- > We promote health and wellbeing and there is a no smoking policy across all areas of the College

**NEALRAJ DUTTA**

**ART & DESIGN LEVEL 3**

Nealraj chose the College due to the smaller class sizes and learning support he was able to receive. He has ASD and came to the College from a specialist school for students with Speech, Language & Communication needs.

Nealraj attends the ASD Group twice a week and has 1:1 support as well as access to specialist software Read, Write Gold.

He has improved a great deal since being at the College, now travelling independently and making friends, many in the ASD group. He has participated in outings organised by students in the group as well as making suggestions for group activities.

Nealraj will be progressing on to study Theatre Arts: Prop Making & Special Effects Foundation Degree (FdA) in September.

## Additional Learning Support

Do you need extra help with your studies?

Additional support can be provided to students who have a learning difficulty or disability. If you have an Education Health Care Plan (EHCP) please provide this to us for our guidance on your needs.

We provide access to assistive technology and software which can help with typing, reading and research.

Our specialist tutors carry out assessments for exam concessions, dyslexia and dyscalculia and recommend strategies to enable you to make independent progress in learning.

We employ specialist staff to support those with hearing or visual impairments and speech and language needs.

Students requiring additional support will often be allocated a specific Learning Support Assistant to work with them ensuring consistency throughout the College day.

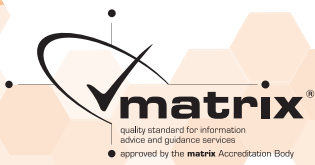

Twice a week we hold a successful autistic spectrum support group where students socialise and try out new activities.

Please let us know your needs by ticking the appropriate boxes on the application form and discussing this fully at your interview.

## Student Life

- > We are the best vocational College in the area and have a strong reputation for the success of our courses
- > We provide a close and supportive community
- > We want to make sure that each of our students feels like an individual, not just a face in the crowd
- > The College is centrally located with good transport links

## Commitment to Achievement

Each full-time student is allocated a personal tutor, who is there to introduce you to the College, keep you informed about what's going on and most importantly, feedback to you on your progress and support you to achieve your full potential.

Personal tutors will help you set goals, guide you towards recognising strengths and weaknesses, work on areas for development, and provide advice on careers, Higher Education or job applications.

At ESC we believe you will reach your full potential if you make a real commitment to studying, and show respect for your fellow students, staff and the environment you work in. When you join ESC you will become part of the community. To help this happen we ask students to sign up to and comply with the behaviour standards set out in the College Code of Conduct.

ESC is a friendly and dynamic place to learn, providing a safe learning environment for students to develop and achieve their full potential. This is an important time for you and decisions made now could have a significant effect on your future. The content within this guide will provide you with the initial information required to help you make the right decisions.

We have a dedicated team of Client Services staff who are available throughout the year to help and support you. Further information or advice and guidance is offered in a wide variety of areas, including:

- > Course options, progression routes into learning, Higher Education and work
- > Information, Advice and Guidance through the National Careers Service

- > Financial information, advice and guidance
- > Careers events and Higher Education fairs
- > Personal support and welfare

We are Matrix accredited and our staff are trained to nationally recognised standards, which means all enquiries will be dealt with impartially, confidentially and in a transparent way.

The College Safeguarding Officer, based in Client Services, provides a confidential personal support service to any students who would benefit from this.

## Freshers' Fair

The Freshers' Fair is a great opportunity to find out how to make the most of your College experience.

Taking place at the beginning of the first term, students from all departments get together in the Winter Garden to meet local organisations and find out about some fantastic deals and discounts available to ESC students.

Organisations that have visited in the past include the Harlequin Theatre, Redstone FM, Surrey FA, Virgin Health Care and the YMCA. There are lots of freebies and giveaways, live music and activities.

## The Student Union

The Student Union is run by ESC students for ESC students and is a great way to ensure your voice is heard. Your elected members take your views, ideas and comments through to departmental and College council meetings, making sure that you get your say too.

Be part of the decision-making process, whether you want to be a Student Governor, Student Union President, join the Executive Committee, be your course representative or participate in a focus group, you can make a difference to your College experience. Being on the Student Union Executive Committee also looks great on your CV.

There's plenty of fun stuff to organise too. Sports and social events are arranged throughout the year as well as plenty of trips and activities. Take part in anything from archery, martial arts, basketball and theatre trips, to university experience days and themed weeks.

The Student Union also arranges various fundraising events for local and international charity appeals.

We are always open to new suggestions so let us know your ideas.

**MICHAEL THOMPSETT**

**ACTIVITY CHAMPION**

Michael is studying Sport Level 3 and enjoys the balance between theory and practical work on the course. He is also an Activity Champion and this allows him to get more involved in the range of enrichment activities at the College.

Michael helps to organise and run the Touch Tennis sessions. He frequently leads activities without the assistance of coaching staff as well as supporting as Assistant Football Coach.

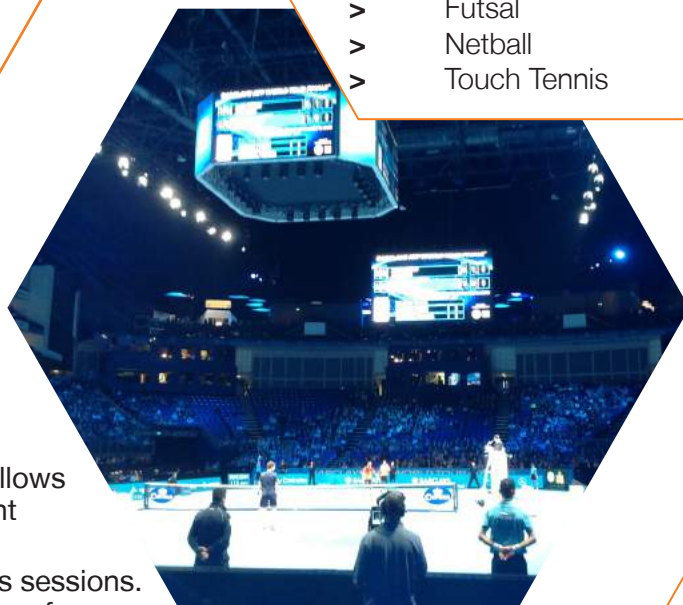

His work as an Activity Champion at ESC has led to him and other Champions attending the tennis World Championships Final at the London O2 Arena in November as recognition for their contribution to the sport. In addition to this Michael is also captain of the College's football team.

Michael will be progressing to Bournemouth University in September to study Sports Psychology and Coaching Sciences.

## College Sports Teams & Clubs

East Surrey College has many sports teams and clubs that students can join and they compete regularly against other Colleges. Teams and clubs include

- > Archery
- > Basketball
- > Badminton
- > Football
- > Futsal
- > Netball
- > Touch Tennis

**Get involved in fundraising activities with your class or department activities such as fashion shows, exhibitions, music gigs or awards evenings**

## Enrichment

We offer a wide variety of activities in which you can participate outside of your academic timetable. Enrichment is about meeting new friends, developing new skills and getting the best out of your College experience.

We have a dedicated College Sport Maker who organises a wide range of sports activities to get everyone healthy and having some fun. Taking place at lunchtimes and in the early evenings, the programme is free and everyone is welcome; no matter what your experience, ability, gender or age! The programme has included Football, Basketball, Archery, Touch Rugby and many more activities.

- > Become an Activity Champion - You can join the Enrichment team in creating the exciting sport and activity programme for students. It is a great opportunity to learn new skills whilst gaining free coaching qualifications to add to your CV or UCAS application, whilst having fun and motivating others.
- > Become a Student Ambassador - This is a voluntary role where you will be asked to attend various events such as open events, school fairs and school assemblies throughout the academic year. At these events you are there to promote the College to potential students for the next academic year and tell them about your course and student life at the College. It will also look good on your CV and UCAS applications.
- > Various social and support groups meet regularly to help develop friendships, talk about support and organise group activities.
- > We have an online LGBT Student Forum where you can find more information on local LGBT organisations and services and chat with other students.

## Employment

We work closely with local businesses to ensure our courses are relevant and current to industry. In addition we invite businesses into the College to meet our students, view student work, set work-related projects and communicate opportunities for employment. Students take part in work experience, giving them real experience of the world of work.

- > Top local employers from different industries visit the College to advertise their current job vacancies and opportunities. Students can attend workshops and seminars, gaining tips on networking and interview skills. Last year students had the chance to speak to organisations which included Canon UK, RG Group, Premier Inn, Ericsson, Govia Thameslink Railway, Thales UK and Willis Towers Watson.
- > ESC celebrates Apprenticeship Week with a range of specialist presentations from local businesses to help students decide if an Apprenticeship or Traineeship is right for them. Students get an opportunity to understand more about the skills employers are looking for in a number of professional sectors. The latest Apprenticeship vacancies can be found on our website [www.esc.ac.uk](http://www.esc.ac.uk).
- > The Job Board on eZone is an exclusive resource for ESC students to search current part-time and full-time vacancies from local employers.

Level 3 Sound & Music Production students set up their own record label called Neutral Ground Records in 2014. The students also designed and developed the label's website [neutralgroundrecords.com](http://neutralgroundrecords.com).

It is a multi-genre label offering artists the opportunity to get their music heard. The label currently has 8 artists on its books and they have already recorded their first tracks.

If you are interested in getting involved with the label, look out for Neutral Ground at the Freshers' Fair.

# How Do I Apply?

# Bursaries & Payment

1

## Choose Your Course

First think about your personal ambitions, your abilities and your preferences. Have a good look through this guide and see what's on offer

2

## Visit the College

Attend an Open Event to see the facilities, meet staff members and ask any questions that you may have

3

## Apply For Your Place

Once you've found your course fill in an online application form at [www.esc.ac.uk](http://www.esc.ac.uk). An application form can also be found in the back of this guide

4

## Information, Advice & Guidance Interview

You will then be invited in to ESC for an information and advice session where we will discuss every aspect of the course/s you have chosen. This is an important opportunity for you to make sure that this is the right course for you and for us to fully explain the details and requirements of your course

5

## The Offer

We will confirm what we can offer you. If you are taking exams your place may be conditional upon you achieving certain grades. Adult students with appropriate qualifications are usually offered unconditional places

6

## Enrolment

You will be invited to come and enrol at the College in the summer. If you didn't do as well as you hoped in your school exams - don't panic, we will work to offer you a more appropriate course, often leading to your first choice at a later date. If you did better than you expected, we will help you to progress directly onto a higher level

The guidance below refers to students who have been ordinarily resident in the UK or European Economic Area (EEA) for the past 3 years, if this is not the case please contact our Client Services team for advice.

### Under 19?

- > If you are under the age of 19 on 31 August 2017 and you meet the eligibility criteria your course is FREE
- > You may be required to pay a resource fee and educational visit costs, however financial support is available for those who need it (subject to family income level)
- > If you are under 16 years of age special arrangements have to be made and fees may be payable

### 19 and over?

Depending on the qualifications you have already gained tuition and/or exam fees may be payable for your course.

- > If you are under the age of 24 and have not yet attained a Full Level 2 qualification (5 GCSEs A\*-C/9-4) or a Full Level 3 qualification (equivalent to 4 AS levels), then you may not have to pay tuition or exam fees
- > If you are aged 24 or older and have not yet attained a Full Level 2 qualification (5 GCSEs A\*-C/9-4) then you may not have to pay tuition or exam fees if it will enable you to move into work or progress into work or you are receiving JSA, ESA (WRAG) or Universal Credit-mandated training.
- > If you are aged 19 or older and wish to study for a Level 3 or higher qualification, you will normally have to pay fees for each academic year of a course, or if available you can apply for an Advanced Learner Loan.

The Advanced Learner Loans are now in operation to provide financial support to adults who wish to study at Level 3 or higher. The loans are managed by the Student Loans Company who also manage the HE loans system. Further information can be found on the Student Loans Company website [www.slc.co.uk](http://www.slc.co.uk).

**For more information and financial advice contact our Student Bursary Adviser based in Client Services. Call: 01737 788444 or Email: [studentbursary@esc.ac.uk](mailto:studentbursary@esc.ac.uk)**

## Financial Support

If you need help with the cost of coming to College there may be support available through a College Bursary and other funding support schemes.

The bursary fund you are eligible for will be based on your age, which course you are studying, and your household income. Please contact the Student Bursary Adviser for more detailed information relevant to you.

Households receiving a low income and/or are in receipt of a means tested benefit may be eligible for financial support. Application forms are available at [www.esc.ac.uk](http://www.esc.ac.uk) or from the Client Services team who will assess your application and see if you are eligible for financial support. This could include help with:

- > Childcare costs
- > Course equipment
- > Resource fees
- > Educational visits
- > Lunches at College
- > Travel expenses
- > Uniforms

## Basic Skills, Functional Skills & GCSE English or Maths

These courses are offered free, except where you already hold a GCSE grade C in the subject that you wish to study.

## Benefits

If you are over 19, unemployed and in receipt of benefits please seek advice from the Client Services team on whether fees will be charged.

## Other payment options

- > Instalment Plans for courses over £400 are available for over 18s, please contact Client Services for details.
- > If your employer is funding your course and would like to be invoiced, forms are available from the Client Services team.

# Course Levels, Qualifications & Entry Criteria

The qualifications featured in this guide may be subject to change due to changes by awarding bodies or funding changes from the EFA/SFA (Education Funding Agency/Skills Funding Agency).

Please speak with the Client Services team on 01737 788444 if you need further information or guidance.

## Functional Skills

Functional Skills qualifications help you to develop skills in English, Maths and Information & Communication Technology (ICT) in real life situations.

You can take a Functional Skills qualification if you are over 16 years of age, have left compulsory full-time education or do not have an up-to-date English or Maths qualification at Level 2 (such as a GCSE). Functional Skills are often a stepping stone to GCSE and support progression to higher levels in vocational subjects.

## GCSEs

These are the main qualifications taken by 14 to 16 year olds. They are highly valued by schools, colleges and employers so will be useful whatever your future plans. Maths and English are particularly valued by employers and are important in enabling progression to higher levels whether academic or vocational.

## English for Speakers of Other Languages (ESOL)

If English isn't your first language, you can apply for a course to help you improve your English. ESOL courses cover speaking, listening, reading, writing, vocabulary, punctuation and grammar. You will be assessed before starting your course in order to ensure you are placed on the right level course.

## NVQ Diploma

An NVQ is a recognised qualification related to a particular industry or sector. You can study NVQs at College or work as part of an Apprenticeship.

You will learn practical, work-related tasks designed to help you develop the skills and knowledge to do a job effectively. You will be assessed on your skills and knowledge so that you can see the areas that need to be developed to complete your qualification.

Taking an NVQ could be appropriate if you already have skills and want to improve them, or if you are starting from scratch. NVQs are based at Levels 1 to 5 on the Qualifications and Credit Framework (QCF).

## BTEC Awards, Certificates, Extended Certificates, Diplomas & Extended Diplomas

BTEC Level 2 Diplomas and Extended Certificates enable you to progress into employment or to study at the higher level of the Subsidiary Diploma, 90 Credit Diploma or Extended Diploma.

The Extended Diploma is equivalent to 3 A-Levels and is a preferred route for many to University. All qualifications have been designed in collaboration with industry, to equip you with the skills and knowledge that employers are looking for.

The qualifications offer a mix of theory and practice and will include an element of work experience or a work-related project. They can take the form of (or be part of) a technical certificate, one of the key components of an Apprenticeship.

## Technical Baccalaureate (TechBacc)

An alternative to A-Level study, TechBacc students will study Level 3 Maths and complete an Extended Project in addition to their Level 3 Extended Diploma. Courses that are also available as a TechBacc are shown within the following course pages.

## YOUR NEXT STEP

## YOUR CURRENT QUALIFICATIONS

# 16-19 Full-time Study Programmes

An individual Study Programme is in place for every 16-19 year old on a Full-time course at the College. The Programmes include:

- > A substantial academic or vocational qualification that provides a recognised route into a trade, profession or other form of employment, or access to a University or Higher Education course
- > English and Maths where this has not been achieved at GCSE grade A\*-C (9-4)
- > Work experience or internship that the College will plan and monitor or a work-related project, typically working from briefs set by local employers
- > Group and one-to-one tutorials and other value-added activities
- > A variety of enrichment activities including trips, visits and activities to enhance your CV

Whichever course you have selected to study will include most if not all of these five elements.

## Minimum Direct Entry Criteria 2017/18

There are specific entry requirements relevant to each Study Programme. Please refer to the website and the relevant course page in this guide.

### Study Programme:

### Entry Requirements:

#### Level 3

5 GCSE grade A\*-C (9-4) that includes English & Maths or; BTEC Level 2 Diploma / Extended Certificate Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Level 2** (to include GCSE English and Maths where grade A\*-C (9-4) not already achieved)

5 GCSE grade A\*-D (9-3) that includes English & Maths or; BTEC Level 1 Diploma Merit/Distinction and GCSE grade A\*-D (9-3) in English & Maths

**Level 1** (to include English and/or Maths where grade A\*-C (9-4) not already achieved)

4 GCSE grade A\*-E (9-2) that includes English & Maths

#### Entry Level or Level 1

(to include English and/or Maths)

Few or no formal qualifications

Non-GCSE and other BTEC qualifications will be considered on their individual merits. There may be flexibility around these entry criteria so please contact Client Services for further guidance. Some Study Programmes will require specific subjects at GCSE or will require higher grades at GCSE. Acceptance on to all Full-time Study Programmes is subject to a successful interview and a reference from your school, college or employer.

Pg 56

Find out more about the apprenticeship route by reading about some of our apprentices.

## Traineeships

Traineeships are a good option for young people who are not quite ready to start an Apprenticeship or for those that are motivated to find employment but who lack the skills and experience that employers are looking for. Progression from a Traineeship can include an Apprenticeship or gaining employment. Please see **page 73** for full details.

### Who can apply?

Apprenticeship programmes are offered to all age groups aged 16+. You need to have a job to start an Apprenticeship and we can support you to find the right employer with all our Apprenticeship vacancies advertised on our website.

Equal importance is placed on academic achievement as well as practical skills and a passion to work in a particular area. If you do not have an Apprenticeship job lined up we can still support you in becoming an Apprentice through a Traineeship.

### What's involved?

You work towards a nationally recognised vocational qualification. Employers all over the country recognise and value Apprenticeships as it shows that you've been trained in the skills they need.

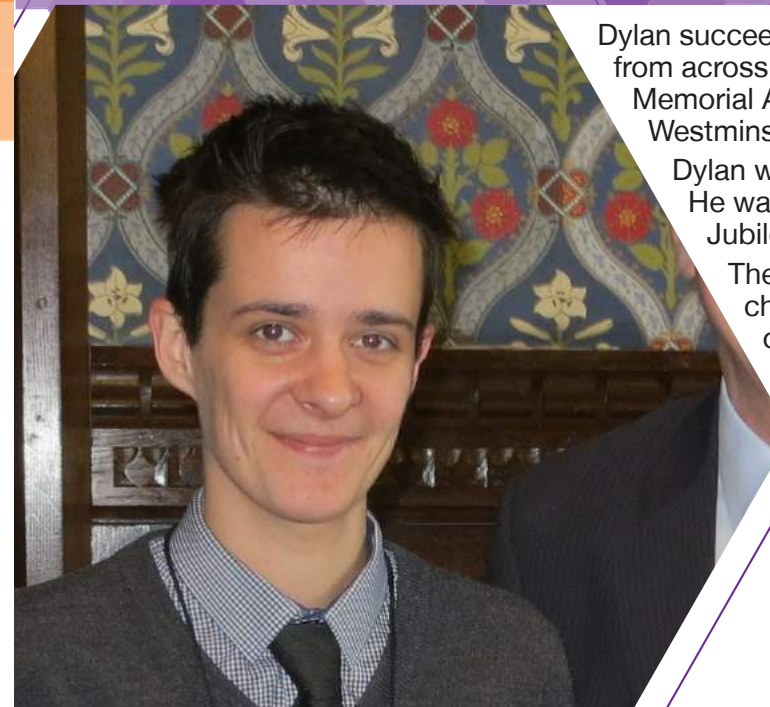

Apprenticeships are designed by employers in the industry so they offer a structured programme that takes you through the skills you need to do a job well. Some of your training will be at college gaining the essential knowledge and skills relevant to your job role.

### What are the benefits?

Apprenticeships enable you to learn on the job, building up knowledge and skills, gaining qualifications and earning money, all at the same time. 95% of our Apprentices are kept on by their employers at the end of their placement in full-time permanent positions.

### What levels are available?

- Intermediate Apprenticeships (equivalent to five good GCSE passes): Apprentices work towards their vocational qualifications, Functional Skills and a relevant technical certificate. These provide you with the skills you need for your chosen career and provides entry to an Advanced Apprenticeship.
- Advanced Apprenticeships (equivalent to two A-Level passes): Advanced Apprenticeships work towards a Level 3 qualification. To start this programme, you should ideally have five GCSEs (grade A\*-C/9-4) including Maths and English or have completed an Intermediate Apprenticeship.
- Higher Apprenticeships (equivalent to a Level 4 or above qualification): This combines higher level qualifications such as HNC or Foundation Degrees with a work-based qualification such as an NVQ.

**DYLAN ENGLAND**  
ACCESS TO NURSING

Dylan succeeded in being one of only six Access to HE students from across the country to win an award at the Keith Fletcher Memorial Access to HE Student Prizes Ceremony at The Palace of Westminster.

Dylan won the £500 prize for Outstanding Commitment to Study. He was presented with his certificate and cash prize in the Jubilee Room in the Palace of Westminster.

The winners were taken on a tour of the Palace including a chance to enter the House of Lords. Dylan, along with the other award winners, was also able to watch a debate from the Gallery in the House of Commons.

The Access to HE Diploma qualification prepares students to study at degree level. These courses are designed for adults that are planning to go to University but do not currently hold a suitable Level 3 qualification.

The Access to HE Diploma is widely recognised by UK universities.

Please also note that there may be additional costs as:

- you may need to buy a uniform
- you may need to pay for any trips
- you may need to pay for additional training workshops

Financial help is available, please contact Client Services on 01737 788444 for more details.

>> These industry focussed courses could lead to exciting careers such as >>

- >> Civil engineer >> Construction manager
- >> Nurse >> Care assistant >> Midwife >> Social worker >> Paramedic >> Adult nurse
- >> Paediatric nurse >> Physiotherapist >> Microbiologist >> Biomedical scientist >>

**Health & Social Care/Early Years & Playwork were rated  
OUTSTANDING in the Ofsted Report, January 2015**

**NEW**

LEVEL 3

**Access to Construction & Civil Engineering**

1 Year 144 UCAS Points (Grade D45)

**Entry Requirements:** GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Continual assessment through a range of assignments

**What will I do on this course?**

This course is designed for adults not already in possession of suitable Level 3 qualifications. The course is based around construction technology, site management and civil engineering professions. It is an approved route to higher level qualifications, training programmes, and University degrees within Engineering & Construction.

Some of the topics that you will explore include:

- Construction
- Civil Engineering
- Electronics & Materials
- Maths & Science
- Modern Engineering

**Further study:**

- A degree in construction and civil engineering

**Job/career opportunities:**

- Employment in the construction industry in roles such as construction management or civil engineering

LEVEL 3

**Access to Nursing & Health Related Professions**

1 Year 144 UCAS Points (Grade D45)

# Applied Science (Forensic Science)

LEVEL 3 EXTENDED DIPLOMA

## Applied Science (Forensic Science)

2 Years 168 UCAS Points (Grade D\*D\*D\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that include English, Maths & Science; or BTEC NQF Level 2 Extended Certificate/BTEC QCF Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English, Maths & Science

**Assessment:** Coursework and practical assessments

### What will I do on this course?

This is a practical, work related course, developing the necessary skills, knowledge and understanding of forensic science. You will often work in small groups, presenting your findings to the rest of the class. The course is continuously assessed through assignments, practical tasks and case studies. In some subjects there will also be written and/or verbal tests. You will develop a responsible and co-operative approach to working on your own and in groups. You will also take part in work experience or a work based project during non-college days.

Some of the topics that you will explore include:

- Forensic Evidence Collection and Analysis
- Fundamentals of Science
- Scientific Investigations
- Criminal Psychology

### Further study:

- Degrees in Science, Forensic Science, Police Studies and other related subjects

### Job/career opportunities:

- Job roles could include Crime Scene Investigator for the police or a Forensic Science Officer in a forensic science laboratory

>> **This industry focussed course could lead to exciting careers such as >>** >> Crime scene investigator >> Forensic science officer >>

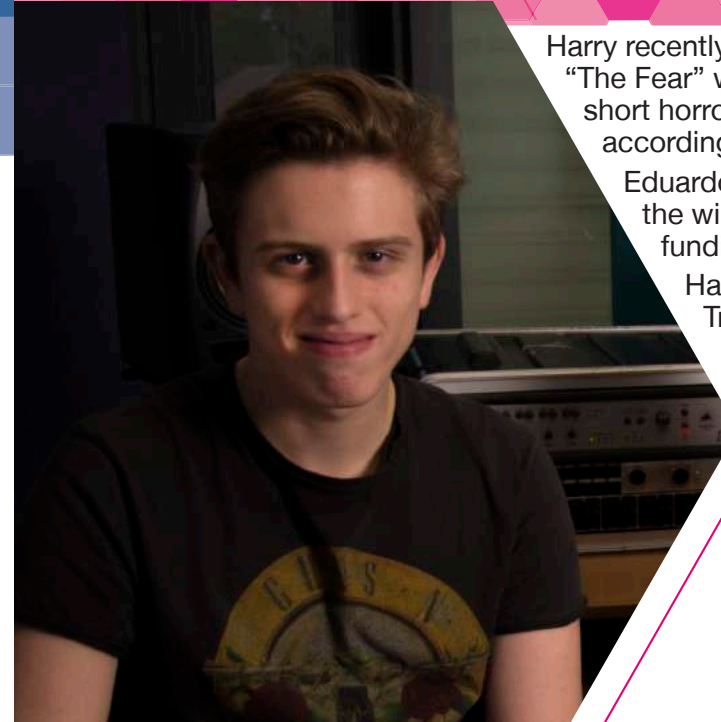

>> **Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects**

>> **All students will complete a work placement or work project as part of their full-time study programme**

Reigate School of Art

# Art, Design & Media

>> **Visual Arts & Media Communication were rated OUTSTANDING in the Ofsted Report, January 2015 >>**

**HARRY COURTNEY**  
FILM & TV PRODUCTION LEVEL 3

Harry recently came out on top in the national BBC Three film competition "The Fear" with his short horror film "Paranoia". The series showcased short horror films by amateurs to a cinema audience who then rated them according to how scary they were.

Eduardo Sanchez (co-director of The Blair Witch Project) then chose the winner from a shortlist. The prize is an impressive £20,000 funding towards their next film project.

Harry co-directed the winning film with his friend Matthew Traszko. Speaking on the BBC Three show after winning, Harry said: "We were just two dudes with a camera and some spare time on the weekend, and we like to make people laugh or make people scream and...it worked!"

East Surrey College is an approved centre for the University of the Arts London Awarding Body, a specialist awarding body offering qualifications in the creative arts, with an emphasis on art, design and communication.

Students work to the highest standards and gain places at prestigious art schools and universities including courses within London College of Fashion, London College of Communication (UAL), Chelsea School of Art (UAL), Wimbledon College of Arts (UAL) and Falmouth School of Art. As an alternative to further study students have also chosen to progress directly into employment.

As an Art student you will have the opportunity to:

- go on the annual educational trip to a cultural centre
- take part in internal and external competitions
- work on live projects with local businesses
- collaborate with local artists
- exhibit your work at the end of year diploma show

Please note that there will be a cost for any trips. However financial help is available, please contact Client Services on 01737 788444 for more details.

# NEW A-Levels at Reigate School of Art

THIS EXCITING NEW 2-YEAR STUDY PROGRAMME GIVES YOU THE OPPORTUNITY TO STUDY TWO A-LEVELS ALONGSIDE THE UAL ART & DESIGN LEVEL 3 DIPLOMA:

## UAL Art & Design Level 3 Diploma

84 UCAS Points (Grade Distinction)

### Graphic Design A-Level

56 UCAS Points (Grade A\*)

### Photography A-Level

56 UCAS Points (Grade A\*)

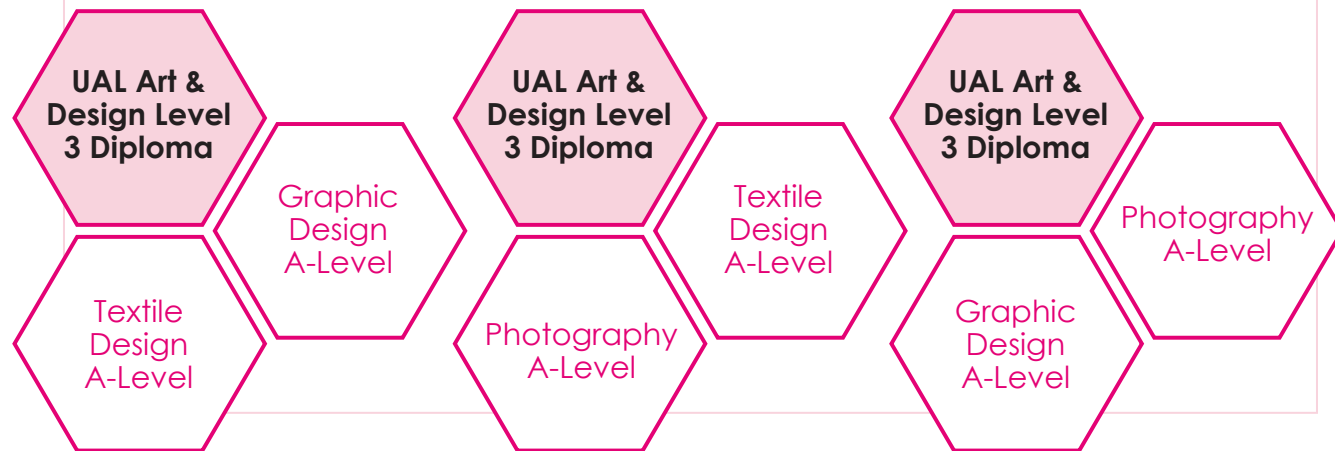

### Textile Design A-Level

(incorporating Fashion, Costume & Interior Design)

56 UCAS Points (Grade A\*)

YOU CAN MIX AND MATCH TO CREATE YOUR OWN PERSONALISED STUDY PROGRAMME - FOCUSED ON SPECIALIST SUBJECT AREAS.

THE THREE COMBINATIONS ARE SHOWN BELOW:

## UAL DIPLOMA IN ART & DESIGN LEVEL 4 FOUNDATION STUDIES

### Art, Design & Contemporary Media

1 Year

285 UCAS Points (Grade D)

Entry Requirements: 2 A-Levels

Assessment: Portfolio of work

#### What will I do on this course?

Aimed at post A Level students as well as mature students this course is a required prerequisite for most Higher Education creative subject areas. The Foundation Diploma Art & Design is nationally accredited by Ofqual and awarded by the University of the Arts London Awarding Body.

You will study a very broad range that includes painting and drawing as well as workshops in 3D and photography, traditional and non-traditional skills. There is a focus on materials, processes and theory as you develop your own considered approach. You will need to be self-motivated as you will be set challenging work.

The Foundation Diploma at Reigate School of Art has a reputation for ensuring individual care and attention to its students. Mature students with or without formal qualifications are encouraged to apply.

After a period of diagnostic and experimental workshops, you will specialise in a subject area pathway:

- Art History
- Fine Art, Painting & Installation
- Graphic Design & Illustration
- Fashion & Textiles
- 3D Design & Crafts
- Animation, Film & Video
- Photography
- Theatre Design
- Modelmaking & Prosthetics
- Game Design
- Architecture

#### Further study:

- Honours / Foundation Degrees in a subject specialist pathway
- HND courses in a subject specialist pathway

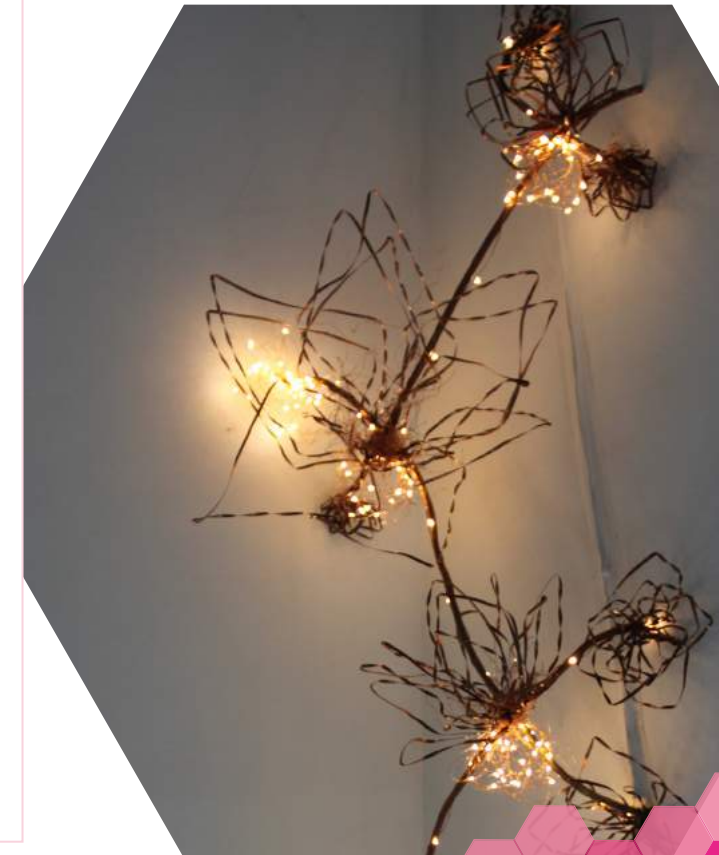

#### Job/career opportunities:

- A very wide range of specialist art, design and media jobs are possible to aim for on the course

100% of students progressed to work or higher level study\*

Art, Design & Contemporary Media Level 4

\*2014/15 known destinations - to further education or employment

Art & Design Level 3 student Leah Turner won Gold at the national Starpack packaging competition; as well as RSA achieving the top prize for Graphic Packaging Sponsored Award Winning School category!

UAL AWARDING BODY  
LEVEL 1 DIPLOMA

## Art, Design & Media

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes Art or Design Technology, English & Maths

**Assessment:** Portfolio of practical work and written assignments

### What will I do on this course?

This course offers a broad introduction to Art, Design and Media and is suitable for those with little practical experience. You will improve your art and design skills whilst developing the personal skills and qualities needed for work to help you achieve your full potential. Start your journey on the route to a career in the creative industries of Art and Design.

Some of the areas that you will explore include:

- Drawing
- Painting
- Printmaking
- Mixed Media
- Basic Introduction to Media

### Further study:

- Art & Design Level 2
- Creative Media Level 2

### Job/career opportunities:

- A very wide range of specialist art, design and media jobs are possible to aim for on the course

UAL AWARDING BODY  
LEVEL 2 DIPLOMA

## Art & Design

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes Art or Design Technology, English & Maths; or BTEC Level 1 Diploma Merit/Distinction and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** Portfolio of work

### What will I do on this course?

Build your experience and learn the important basic art and design skills. The Level 2 Diploma Art & Design is nationally accredited by Ofqual and awarded by the University of the Arts London Awarding Body.

Some of the areas that you will explore include:

- Drawing and Painting
- 3D Work
- Photography
- Digital Imaging
- Graphics
- Animation

### Further study:

- Art & Design Level 3
- Creative Media Level 3

### Job/career opportunities:

- A very wide range of specialist art, design and media jobs are possible to aim for on the course

UAL AWARDING BODY  
LEVEL 3 EXTENDED DIPLOMA

## Art & Design

2 Years

168 UCAS Points (Grade D)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Portfolio of work

### What will I do on this course?

This course is a vocational alternative to the A Level route offering a solid grounding for specialism. You will develop your basic art and design skills before choosing to specialise in a subject area pathway. Support and guidance is provided for portfolio preparation for UCAS applications or job interview. Mature students with or without formal qualifications are encouraged to apply.

The Level 3 Extended Diploma Art & Design is nationally accredited by Ofqual and awarded by the University of the Arts London Awarding Body.

Some of the pathways that you will explore include:

- Fashion & Textiles
- Graphic, Illustration & Multimedia Design
- Three Dimensional Design
- Fine Art
- Animation
- Game Design

### Further study:

- Art & Design Level 4 Foundation Diploma
- HND courses
- Honours / Foundation Degrees

### Job/career opportunities:

- A career in the creative industries

**KATIE LOCK**  
PHOTOGRAPHY LEVEL 3

Katie initially studied Art, Design & Media Level 1, progressing to Art & Design Level 2. Her final project for her Level 2 course involved photography and this inspired her to progress to the Photography Level 3 course. Katie noted that it was this change in course that made her feel she was finally going in the right direction for a future career.

Katie is progressing to Falmouth University (her first choice) to study Fashion Photography. She commented that her tutors really supported her in preparation for her university application including interview preparation and assembling her portfolio. Katie said: "It feels like every teacher is here to help you progress with what you want to do with your life".

Her career aim is to work as an editor, picture editor or photographer for a magazine. She also hopes to start her own business as a photographer, building a name for herself by photographing for designers.

Reigate School of Art, was invited by RG Group to design artwork to display on the hoarding surrounding part of Redhill's Warwick Quadrant. The work covers over 60m of hoarding in the town centre!

UAL AWARDING BODY  
LEVEL 3 EXTENDED DIPLOMA

### Photography

**2 Years**                      **168 UCAS Points (Grade D)**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Portfolio of work

#### What will I do on this course?

This course gives you the opportunity to develop a range of creative photographic techniques, and introduces the essential skills needed to build your photographic portfolio. You will develop your visual style and knowledge, through exploring a variety of creative project briefs.

Some of the areas that you will explore include:

- Visual Communication
- Documentary and Editorial Photography
- Creating Personal Photo-Stories
- Digital Imaging
- Alternative Techniques
- Research into Contemporary Photographers
- Critical and Contextual Studies
- Professional Practice, including Exhibiting

#### Further study:

- Photography HND at ESC
- BA Honours Degrees
- Level 4 Foundation Diploma

#### Job/career opportunities:

- A very wide range of specialist art, design and media jobs are possible to aim for on the course

UAL AWARDING BODY  
LEVEL 2 DIPLOMA

### Creative Media

**1 Year**

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths; or BTEC Level 1 Diploma Merit/Distinction and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** Portfolio of work

#### What will I do on this course?

This course gives a general introduction to the media industry and provides a broad understanding in sound and moving image. It provides an introductory pathway to Level 3 courses in film and television, and sound and music production; offering a solid foundation for a career in the creative industries.

Some of the areas that you will explore include:

- Communication Techniques
- Research
- Video Production
- Audio Production
- Animation Techniques

#### Further study:

- Film & TV Production Level 3
- Sound & Music Production Level 3
- Creative Media Level 3

#### Job/career opportunities:

- A career in the film, sound or multimedia industry

UAL AWARDING BODY  
LEVEL 3 DIPLOMA

### Creative Media

**2 Years**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Portfolio of work

#### What will I do on this course?

This course is a more meaningful vocational alternative to the A-Level route offering a solid grounding for specialisation. It is both hands on and academic, introduces the essential skills needed for a variety of roles in contemporary media production, and will also provide the analytical and critical skills for progression to higher education.

Some of the areas that you will explore include:

- Film and Television Studies
- Script Writing for Media Products
- Factual Programme Production
- Graphic Communication for Media Products
- Lens Based Media Production
- Critical and Contextual Studies in the Media
- Sound Production for Media Products
- Marketing and Advertising for Media Products

#### Further study:

- Level 4 Foundation Diploma
- Honours / Foundation Degrees

#### Job/career opportunities:

- Management roles in the film, sound or multimedia industry, film journalism, radio production, editing, camera work, audio and video post-production, programme research or script writing

**RACHEL BASHFORD**  
FILM & TV PRODUCTION LEVEL 3

Rachel won the Best UK Junior Short Film Award at the first Dorking Film Festival that took place in October 2015 for her short film 'Hollow'.

The Festival organisers described the film as: "Teenager Jess wanders in despair through an uncaring urban sprawl. Her drastic actions lead to a moment's respite and a cinematic epiphany before cruel reality reasserts itself. Strong issues from Caterham-based filmmaker Rachel Bashford."

The award-winning film was part of her final major project at the end of her first year.

Rachel beat entries from The Brit School and other large institutes.

100% of students progressed to work or higher level study\*

Film & TV Production Level 3

UAL AWARDING BODY  
LEVEL 3 EXTENDED DIPLOMA  
**Film & TV Production**

**2 Years**                      **168 UCAS Points (Grade D)**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

Alex chose to study Aviation Operations Level 3 as he felt it provided a good grounding to start a career in the aviation industry.

Alex has now started a full-time job as a Trainee Aircraft Charter Broker with Smart Aviation. Alex completed work experience with the company whilst at College and was given the opportunity to progress to a full-time position on completion of his course. The work experience allowed him to gain valuable experience in the aviation industry as well as being of benefit to his coursework and helping him launch his future career.

As part of his role he will be arranging charter aircraft for clients as well as generating new business and building up his own client network.

East Surrey College is leading the way in creating the next generation of aviation, travel and tourism professionals. The College was the first in the UK to become an Aviation Skills Navigator® College. It has the lead responsibility for the South East region, in partnership with the Aviation Skills Partnership (ASP).

As part of your course you will have various opportunities to take part in trips and talks. Last year these included:

- trips abroad
- Gatwick airport and international airports
- airshows & aviation exhibitions
- training days
- guest speakers from travel based companies
- talks from ex-students who are successfully working within the industry

Please note that there will be a cost for any trips. However financial help is available, please contact Client Services on 01737 788444 for more details.

>> **Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects**

>> **All students will complete a work placement or work project as part of their full-time study programme**

AVIATION OPERATIONS LEVEL 3

>> **These industry focussed courses could lead to exciting careers such as >>**

>> Cabin crew >> Event manager >>

Travel agent >> Holiday rep >> Air traffic

controller >> Commercial pilot training

>> Ground handler >> Customer

service agent >> Airport security >>

Cruise ship host >>

## LEVEL 2 DIPLOMA

### Air Cabin Crew

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths

**Assessment:** Assessments include some written assignment tasks, short tests, observations and a portfolio of evidence to cover coursework.

#### What will I do on this course?

This course has been designed especially for those who wish to pursue a career in the airline industry as cabin crew. This qualification can help you secure your first job working in a cabin crew team. You will learn how to co-ordinate a safe flight: preparing the cabin, getting the passengers aboard, demonstrating safety procedures, as well as learning how to deal with emergencies.

Some of the areas that you will explore include:

- Introduction to Airline and Aviation Operations
- Airline Health, Safety and Security
- Airline Emergency Procedures
- Crew Room Duties
- Role of Cabin Crew On Board the Aircraft
- Preparation for Employment
- Contribute to Aviation Security
- Demonstrate an Understanding of the Airport Arrival Process

#### Further study:

- Aviation Operations Level 3
- Travel & Tourism Level 3
- Airline industry training

#### Job/career opportunities:

- Employment within the airline industry as cabin crew

NEW

## LEVEL 2 DIPLOMA

### Aviation Environment

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths

**Assessment:** Coursework

#### What will I do on this course?

This course has been designed especially for those who wish to pursue a career in the Aviation industry. The course will provide you with a broad knowledge and understanding of the sector and equip you with the right skills to pursue a variety of different career opportunities in this interesting and challenging industry. Students on this course will benefit from the opportunity of attending site visits to various aviation organisations and events, to see first-hand the exciting opportunities the industry has to offer.

Some of the topics that you will explore include:

- Health and Safety within Aviation
- Aviation Security
- Aviation Communications
- Airport Check-in Services
- Aircraft Boarding and Arrival Services
- Support Flight Operations

#### Further study:

- Aviation Operations BTEC Level 3 Extended Diploma
- Apprenticeship

#### Job/career opportunities:

- A career in the aviation industry such as an Engineer, Cabin Crew, Pilot, Security Officer, Air Traffic Controller, Airport Operations, Airline Operations and Crewing

\*2014/15 known destinations - to further education or employment

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC NQF Level 2 Extended Certificate /BTEC QCF Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Coursework

#### What will I do on this course?

This practical, work-related course introduces you to the industry as a whole. Projects and assignments are based on realistic work-place situations, activities and demands. You will also take part in work experience or a work based project during non-college days.

Some of the topics that you will explore include:

- Investigating Travel and Tourism
- Business of Travel and Tourism
- European Destinations
- Investigating the Cruise Industry
- Preparing for Employment in the Travel and Tourism Industry
- Working as a Holiday Representative

#### Further study:

- Travel and Tourism Management Foundation Degree (FdA) at ESC (validated by the University of Brighton)
- Event and Tourism Management Foundation Degree (FdA) at ESC (validated by the University of Brighton)

#### Job/career opportunities:

- Careers in the travel and tourism sector including roles such as Holiday Representative, Tour Guide, Cabin Crew and Cruise Ship staff

Lydia excelled at GCSE Business at school and knew this was the direction she wanted to go in for further study.

Lydia found her tutors knowledgeable and interesting as they have first-hand experience in the industry which she can apply to her work.

During her course Lydia completed a work-based project to develop and market a new ice-cream targeted at children. This project prompted her to study marketing at university.

Lydia has now been accepted at Aston University. She aspires to become a brand consultant and wants to have a chance to help develop ideas and promote products whilst corresponding with external agencies.

**MAREK DEBICKI**  
IT LEVEL 3

Marek chose to study IT as he is interested in technology and he achieved a distinction in GCSE IT at school.

His favourite elements of the course were coding and website design. He added that website design was time consuming however added that “the teachers are really helpful and the course has taught me time management skills that will help me when I begin my degree in Computer Science”.

Marek is progressing to Kent University to study Computer Science after receiving a few offers. He aspires to invent, and make an impact in some way and noted that the degree he has chosen will give him the experience he needs as well as opening the way to many future career opportunities in IT.

Students progressed to University of Surrey, University of Brighton and University of Portsmouth to study degrees such as Computer Science and Business Information Systems\*

IT Level 3

**NEW**

### LEVEL 1 INTRODUCTORY DIPLOMA **Information Technology**

**1 Year**

**Entry Requirements:** 4 GCSE grade A\*-F (9-1) in English, Maths & Science

**Assessment:** Coursework

#### **What will I do on this course?**

The skills that you will develop on this course will assist you to move into a job in an office environment. This qualification introduces basic ICT practices and gives students a full breadth of essential ICT knowledge. Also this will provide the starting knowledge for entry to employment.

Some of the topics that you may explore include:

- Being Organised
- Developing a Personal Progression Plan
- Working with Others
- Researching a Topic
- Developing Digital Information Using IT
- Using Digital Communications Technologies
- Creating a Website
- Creating a Computer Program
- Developing a Digital Product
- Creating a Digital Animated Graphic

#### **Further study:**

- IT Level 2 Extended Certificate

#### **Job/career opportunities:**

- The skills that you will develop on this course will assist you to move into a junior IT related role

### LEVEL 2 EXTENDED CERTIFICATE **ICT**

**1 Year**

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths; or BTEC Level 1 Diploma/Extended Diploma and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** Coursework and computer based exams

#### **What will I do on this course?**

This is a practical, work related course, which develops the necessary skills, knowledge and understanding to provide a sound, basic IT education. This qualification will give you experience of basic programming skills for software development; practical experience in developing; creativity in graphics and web design. You will also take part in work experience or a work based project during non-college days.

Some of the topics that you will explore include:

- The Online World
- Technology Systems
- A Digital Portfolio
- Creating Digital Graphics
- Software Development
- Mobile Phone Applications

#### **Further study:**

- IT Level 3 Extended Diploma
- Advanced Apprenticeship

#### **Job/career opportunities:**

- A junior role within the IT industry

### LEVEL 3 EXTENDED DIPLOMA **IT - Software Development**

**2 Years**

**168 UCAS Points (Grade D\*D\*D\*)**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC NQF Level 2 Extended Certificate /BTEC QCF Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** Coursework and computer based exams

#### **What will I do on this course?**

This is a practical, work related course, which develops the necessary skills, knowledge and understanding to provide a sound, basic IT education. This qualification will give you experience in a wide range of IT skills from web design and Office applications to basic programming and hardware installation, and provide you with practical assignments. You will also take part in work experience or a work based project during non-college days.

Some of the topics that you will explore include:

- Communication & Employability Skills for IT
- Computer Systems
- Software Design and Development
- Developing Computer Games
- Website Production
- Computer Animation

#### **Further study:**

- Higher Education
- Advanced professional studies

#### **Job/career opportunities:**

- Employment opportunities range from careers in IT including Web Development, Programming and Hardware; to Business roles such as Sales, Finance, HR and Marketing

\*Based on East Surrey College students that applied for university places through UCAS (2015)

# Caring Services

>> Health & Social Care and Early Years & Playwork were rated **OUTSTANDING** in the Ofsted Report, January 2015 >>

“Teachers focus strongly on supporting students to develop employability skills through work experience or work-related projects”

Ofsted Report, January 2015

**HANNAH MANNEH**  
CHILDCARE LEVEL 3

Hannah first started at the College as part of the Springboard programme. She chose to study the Preparing to Work in Early Years Education & Care Level 3 as it gave her a route into teaching.

She enjoys the course as it challenges her and she is able to learn about various learning theories, for example how to support children emotionally. She has found the tutors to be very supportive throughout her course.

Hannah has completed two work placements in schools as part of her course, working with children aged 0-6 years. This has helped steer her to teaching Reception aged children as a career. Hannah is progressing to the Early Years Educator Level 3 in September.

When studying on a Caring Services course you will have the opportunity to:

- take part in a work placement
- get involved with fundraising for Children in Need and other charities
- take part in enrichment activities
- attend trips and visits
- attend talks and presentations from guest speakers
- visit local schools

Please also note that:

- a DBS check needs to be completed before you can commence your course. Therefore please submit your application as early as possible
- you will need to buy a Caring Services uniform (polo shirt/fleece - Childcare/hoodie - Health & Social Care)
- you will need to pay for any trips and your DBS
- work placements are mandatory for Early Years Educator Level 2 & 3 and Health & Social Care Level 2 & 3

Financial help is available, please contact Client Services on 01737 788444 for more details.

>> **Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects**

>> **All students will complete a work placement or work project as part of their full-time study programme**

>> **These industry focussed courses could lead to exciting careers such as >>**

>> Nurse >> Care assistant >> Nursery worker >> Midwife >> Social worker >> Teacher >> Classroom assistant >> Pre-school supervisor >> Early years educator >> Nursery nurse >> Paramedic >> Physiotherapist >>

## LEVEL 2 CERTIFICATE (CACHE)

### Introduction to the Early Years Educator

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths; or BTEC Level 1 Diploma Merit/Distinction and GCSE grade A\*-D (9-3) in English & Maths. A clean DBS check

**Assessment:** Coursework and practical work placements

#### What will I do on this course?

This course introduces you to caring for children and young people. Learn how children develop physically and emotionally, as well as how they learn to interact with people. Understand how to work with children aged 0-5 years of age and prepare for employment.

Some of the topics that you will explore include:

- Child Development
- Safeguarding
- Supporting Children's Behaviour
- Positive Environments

#### Further study:

- Early Years Educator Level 3
- Health & Social Care Level 3

#### Job/career opportunities:

- Nursery Assistant

## LEVEL 3 CERTIFICATE (CACHE)

### Preparing to Work in Early Years Education & Care

1 Year

**Entry Requirements:** Childcare Level 2; 5 GCSE grade A\*-C (9-4) that includes English or Maths (opportunity to retake either English or Maths during course). A clean DBS check

**Assessment:** Coursework and practical work placements

#### What will I do on this course?

This course prepares you to work with children aged 0-5 years of age and to gain knowledge of children aged 5-7 years. It will allow you to work in a supervised role within an Early Years setting.

Some of the topics that you will explore include:

- Children's Emotional Well-being
- Physical Care Routine for Children
- Healthy Lifestyles for Children
- Legislation Relating to Safeguarding Protection and Welfare of Children

#### Further study:

- Early Years Educator Level 3

#### Job/career opportunities:

- Work in a supervised role within an Early Years setting

Early Years Educator Level 3

### LEVEL 3 DIPLOMA (CACHE)

## Early Years Educator

2 Years

168 UCAS Points (Grade A\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths. A clean DBS check

**Assessment:** Coursework and practical work placements

#### What will I do on this course?

This well known and respected qualification provides professional training in all aspects of child development and childcare. You will gain a qualification through an exciting and challenging programme, combining study and work placement.

Some of the topics that you will explore include:

- Child Development & Safeguarding
- Theoretical Perspective & Philosophical Approaches
- Early Years Provision
- Children's Welfare and Well-being
- Professional Practice & Children's Speech

#### Further study:

- A BA degree in Childhood Studies
- PGCE in a specialist subject

#### Job/career opportunities:

- Employment in a school or nursery

### LEVEL 1 DIPLOMA

## Health & Social Care

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths. A clean DBS check

**Assessment:** Coursework

#### What will I do on this course?

This course offers an introduction into the Health and Social Care environment and covers working with a wide range of client groups. This course will help you reach your full potential by encouraging and developing the personal skills and qualities needed to work in the health and social care sector.

Some of the topics that you will explore include:

- Managing your Health at Work
- Creative Activities for Children
- Promoting Healthy Eating in Care
- Personal Care in Health and Social Care
- Investigating Rights and Responsibilities at Work

#### Further study:

- Health & Social Care Level 2
- Introduction to the Early Years Educator Level 2
- Traineeship or Apprenticeship

#### Job/career opportunities:

- Junior employment in the health sector, including nursing homes, community care and learning difficulty homes and day centres

### LEVEL 2 EXTENDED CERTIFICATE

## Health & Social Care

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths; or BTEC Level 1 Diploma Merit/Distinction and GCSE grade A\*-D (9-3) in English & Maths. A clean DBS check

**Assessment:** Coursework, practical work placements and external exams

#### What will I do on this course?

This course offers those interested in working within care or social care environments the chance to develop their practical skills including work experience. You will complete placements in relevant settings, where you are assessed to complete a vocational unit.

Some of the topics that you will explore include:

- Individual Rights in Health and Social Care
- Individual Needs in Health and Social Care
- Safe Environments in Health and Social Care
- Healthy Living
- Human Lifespan Development

#### Further study:

- Health & Social Care Level 3
- Early Years Educator Level 3
- Traineeship or Apprenticeship

#### Job/career opportunities:

- Employment in the health sector, including nursing homes, community care and learning difficulty homes and day centres

Early Years related Apprenticeships at ESC currently include:

- >> Childcare / Early Years Educator Level 2
- >> Childcare / Early Years Educator Level 3
- >> Supporting Teaching and Learning in Schools Level 3

\*2014/15 known destinations - to further education or employment

>> Scan the QR Code to hear what Health & Social Care students say about their course >>

**“The quality of teaching, learning and assessment is outstanding and this is reflected in the high, and increasing, number of students who successfully complete their courses”**

Ofsted Report, January 2015

**HANNAH FREWER**  
HEALTH & SOCIAL CARE LEVEL 3

Hannah was the Student Union President and Student Governor. She studied Health & Social Care Level 3 and was awarded Student of the Year for her course.

Hannah particularly enjoyed the placement aspect of her course, where she spent one day a week in a professional environment learning first-hand the policies that are in place in the caring services industry.

Hannah has had offers from five universities to study Paramedic Science. She found that the work experience element of her course provided her with plenty to talk about in her interviews; experiences she would not have gained through a more theory-based route. She added: "Joining ESC cemented the fact I want to be a paramedic."

### LEVEL 3 EXTENDED DIPLOMA

## Health & Social Care

**1-2 Years 168 UCAS Points (Grade D\*D\*D\*)**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths; or BTEC Level 2 Diploma Merit/Distinction and GCSE grade A\*-C (9-4) in English & Maths. A clean DBS check

**Assessment:** Coursework and practical work placements

#### What will I do on this course?

This is a practical, work related course. You will learn by completing projects and coursework based on realistic workplace situations, activities and demands. As well as learning about the Care employment sector, you will develop the knowledge and skills needed for starting a valuable career in this area.

Some of the topics that you will explore include:

- Development through the Life Stages
- Anatomy and Physiology
- Personal and Professional Development
- Sociological Perspectives
- Psychological Perspectives

#### Further study:

- Extended Diploma (subject to positive reference from your tutor)
- Degree level study such as nursing, social work, teaching, radiography, complementary therapy or psychology

#### Job/career opportunities:

- Employment in the health sector, including nursing homes, hospitals, community care and learning difficulty homes and day centres including progression in to management positions

**100% of students progressed to work or higher level study\***

**Health & Social Care Level 3**

### LEVEL 2 CERTIFICATE

## Skills for Working in Health & Social Care

**1 Year**

**Entry Requirements:** Age 19+ only. No formal qualifications required. GCSE English & Maths grade A\*-D (9-3). Students whose first language is not English will need an IELTS assessment and NARIC conversions for their qualifications.

**Assessment:** Coursework, assignments and GCSE English & Maths exams

#### What will I do on this course?

This Pre-Access course is designed for adults not already in possession of suitable Level 2 qualifications as an approved route to an Access to HE Diploma (see page 17).

Some of the topics that you will explore include:

- Understand the Medical Profession
- Human Biology
- First Aid
- Preparing to Work in the Health and Social Care Industry
- Safeguarding
- Understanding Mental Health
- Nutrition
- Care of the Elderly

#### Further study:

- Access to Nursing & Health Related Professions Level 3 Diploma
- Access to Social Work Level 3 Diploma

#### Job/career opportunities:

- Work in a supervised role within health & social care sector including healthcare assistant and care assistant

Health & Social Care related Apprenticeships at ESC currently include:

- >> Health and Social Care Level 2
- >> Health and Social Care Level 3
- >> Care Leadership and Management Level 5

See page 16 for more information or call our Employer Services Team on 01737 788316 or email employerservices@esc.ac.uk.

\*2014/15 known destinations - to further education or employment

Ben chose the apprenticeship route as it allowed him to gain valuable job experience whilst studying towards a qualification.

Ben is currently working as a Trainee Site Manager with RG Group at Redhill’s Warwick Quadrant development. He shadows the Site Manager and as part of his role is involved with Health & Safety and fire issues, liaising with the architect on any updates to site drawings and passing information on to the Project Lead.

Ben is really enjoying his work at RG Group and says that it is a great experience being able to get into this type of working environment. Ben recommends this route as “It gives you the opportunity to go straight into work. You get hands on experience whilst studying”.

**BEN HOAD**  
LEVEL 3 CONSTRUCTION APPRENTICE

As a Construction student you will have the opportunity to:

- visit exhibitions including the Grand Designs exhibition
- take part in various regional and national competitions
- work on local projects in the community
- take part in a team building day

Please note:

- you will need to buy your own personal protection equipment (PPE)
- you may also need to purchase your own tools and overalls
- there may be a cost for trips

Financial help is available, contact Client Services on 01737 788444 for more details.

>> These industry focussed courses could lead to exciting careers such as >>

>> **All students will complete a work placement or work project as part of their full-time study programme**

## LEVEL 1 DIPLOMA

### Basic Construction Skills

1 Year

**Entry Requirements:** No formal qualifications  
**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This is a basic construction course that is an introduction to several disciplines that form part of the construction industry.

Some of the topics that you will explore include:

- Blockwork
- Brickwork
- Carpentry
- Painting & Decorating
- Plastering

#### Further study:

- Level 1 Diploma in any of the disciplines studied
- Maintenance Operations Level 2 Diploma
- Apprenticeship

#### Job/career opportunities:

- You would be able to support a skilled worker as a labourer on a construction site

## LEVEL 3 EXTENDED DIPLOMA

### Construction

2 Years

168 UCAS Points (Grade D\*D\*D\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes English & Maths  
**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This BTEC Level 3 qualification covers various aspects of the management of the construction industry and is suitable for students wishing to enter a professional career in this industry.

Some of the topics that you will explore include:

- Building Technology in Construction
- Project Management in Construction and the Built Environment
- Graphical Detailing in Construction and the Built Environment
- Measuring, Estimating and Tendering Processes in Construction and the Built Environment
- Surveying in Construction and Civil Engineering

#### Further study:

- Construction HND at ESC

#### Job/career opportunities:

- Employment in Building Environment Design, Transportation, Spatial Data Management, Construction Contracting Operations, Construction Plant and Equipment Supervision, Construction Site Supervision, Surveying, Property Maintenance or Building Environment Development and Control

**ALSO AVAILABLE AS A TECHBACC**

96% of students progressed to work or higher level study\*

Brickwork Level 2

LEVEL 1 DIPLOMA

## Brickwork

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Online City & Guilds tests and a portfolio of evidence

### What will I do on this course?

Bricklaying is one of the traditional trades both in the UK and around the world - Sir Winston Churchill is known to have enjoyed laying bricks and building walls during his lifetime. Those studying bricklaying will learn a variety of skills to enable them to build, repair and maintain the country's housing stock.

Some of the topics that you will explore include:

- Carrying out Blocklaying Activities
- Carrying out Bricklaying Activities
- Carrying out Cavity Walling Activities
- Contribute to Setting Out and Building of Masonry Structures up to Damp Proof Course

### Further study:

- Brickwork Level 2 Diploma
- Apprenticeship

### Job/career opportunities:

- You would be able to support a skilled worker as a labourer on a construction site

LEVEL 2 DIPLOMA

## Brickwork

1 Year

**Entry Requirements:** Brickwork Level 1 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

### What will I do on this course?

Building on the skills learnt during the Level 1 programme you will extend your skills and knowledge with more challenging activities.

Some of the topics that you will explore include:

- Interpreting Working Drawings to Set Out Masonry Structures
- Producing Thin Joint Masonry and Masonry Cladding
- Building Solid Walling, Isolated and Attached Piers
- Construct Cavity Walling forming Masonry Structures

### Further study:

- Brickwork Level 3 Diploma (Part-time)
- Apprenticeship

### Job/career opportunities:

- At this level you should be able to work on building sites completing basic walling activities

LEVEL 1 DIPLOMA

## Carpentry & Joinery

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Online City & Guilds tests and a portfolio of evidence

### What will I do on this course?

The Level 1 qualification provides an introduction to carpentry and joinery skills. It allows students to learn, develop and practise the skills required for employment and/or career progression in carpentry or joinery.

Some of the topics that you will explore include:

- Producing basic Woodworking Joints
- Principles of Building Construction, Information and Communication
- Maintain and use Carpentry and Joinery Hand Tools
- Prepare and use Carpentry and Joinery Portable Power and Hand Tools

### Further study:

- Carpentry and Joinery Level 2 Diploma — Students can choose between Site Carpentry or Bench Joinery at this level
- Apprenticeship

### Job/career opportunities:

- You would be able to support a skilled worker as a labourer on a construction site

Construction and Brickwork related Apprenticeships at ESC currently include:

- >> Construction Contracting Level 3
- >> Brickwork Level 2
- >> Brickwork Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email [employerservices@esc.ac.uk](mailto:employerservices@esc.ac.uk).

Brickwork and Maintenance Operations students worked together to construct a Tudor-style building as part of their course, using a range of bricklaying techniques as well as incorporating carpentry to create the structure

**“They have taken on an enormous amount across a wide range of constructional disciplines and have become an integral part of the whole project delivery process”**

(RG Group on the two Construction Apprentices recruited for Redhill's Warwick Quadrant Regeneration Project)

## LEVEL 2 DIPLOMA

### Carpentry & Joinery

**1 Year**

**Entry Requirements:** Carpentry & Joinery Level 1 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

After completing Level 1 and learning the basic skills you can follow one of two routes. Site carpenters will work on building sites erecting and fitting timber as it arrives on the building site. Bench carpenters will manufacture items such as roof trusses and staircases ready to be delivered to the building site to be installed by the site carpenters.

Some of the topics that you will explore in Site Carpentry include:

- First Fix Flooring and Roofing, Frames, Partitions and Stairs
- Carrying out Second Fixing Operations
- Carrying out Carpentry Maintenance

Some of the topics that you will explore in Bench Joinery include:

- Producing Setting Out details for Bench Joinery Products
- Mark out from Setting Out details for Bench Joinery Products
- Manufacture Bench Joinery Products

#### Further study:

- Carpentry and Joinery Level 3 Diploma
- Apprenticeship

#### Job/career opportunities:

- At this level you would be able to carry out basic carpentry operations either on a building site or within a manufacturing facility

**Carpentry related Apprenticeships at ESC currently include:**

- >> Carpentry Level 2
- >> Carpentry Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email [employerservices@esc.ac.uk](mailto:employerservices@esc.ac.uk).

## LEVEL 2 DIPLOMA

### Maintenance Operations

**1 Year**

**Entry Requirements:** Basic Construction Skills Level 1 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

Following on from the Basic Construction Skills course this qualification expands on your general practical skills and will enable you to carry out practical repairs to existing installations.

Some of the topics that you will explore include:

- Building Repairs (Brickwork)
- Painting and Decorating Repairs
- Plastering Repairs
- Plumbing Repairs
- Carpentry Repairs

#### Further study:

- Expand your knowledge of one of these trades and apply for a full Diploma at Level 2
- Apprenticeship

#### Job/career opportunities:

- Employment in Maintenance and Repair for Housing Associations, Local Councils, Hotels and Industrial Units

**Maintenance related Apprenticeships at ESC currently include:**

>> Maintenance Operations Level 2

See page 16 for more information or call our Employer Services Team on 01737 788316 or email [employerservices@esc.ac.uk](mailto:employerservices@esc.ac.uk).

>> Scan the QR Code to hear what Carpentry students say about their course >>

**SELINA CRIPPS**  
PAINTING & DECORATING  
APPRENTICE

Selina is studying Painting & Decorating Level 2 Diploma and is currently working as a Decorative Finishing Apprentice with Harrods. Selina chose East Surrey College as the building and facilities were newly refurbished and of a high standard.

She initially enrolled on a Business course, however chose to move to Painting and Decorating as it was more creative. Selina is enjoying her apprenticeship, in particular the interior design aspect as she would like to pursue a career in this area. She is enjoying her course and commented that she receives valuable support from her tutors.

Selina hopes to use the skills and experiences she is gaining on her apprenticeship to work for herself in the future.

### LEVEL 1 DIPLOMA Painting & Decorating

**1 Year**

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This qualification is for students who wish to enter into a career in the painting and decorating industry and covers basic preparation and painting and decorating skills.

Some of the topics that you will explore include:

- Erecting and Dismantling Access Equipment and Working Platforms
- Preparing Surfaces for Decoration
- Applying Paint Systems by Brush and Roller to Non-Complex Areas
- Applying Foundation and Plain Papers
- Producing Specialist Decorative Finishes

#### Further study:

- Painting & Decorating Level 2 Diploma
- Apprenticeship

#### Job/career opportunities:

- You will be able to support a skilled worker as a labourer on a construction site

### LEVEL 2 DIPLOMA Painting & Decorating

**1 Year**

**Entry Requirements:** Painting & Decorating Level 1 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

Building on the skills learnt during the Level 1 programme you will extend your skills and knowledge with more challenging activities.

Some of the topics that you will explore include:

- Erecting and Dismantling Access Equipment and Working Platforms
- Preparing Surfaces for Decoration
- Applying Paint Systems by Brush and Roller
- Applying Foundation and Plain Papers
- Producing Specialist Decorative Finishes
- Applying and Creating Colour

#### Further study:

- Painting & Decorating Level 3 Diploma (Part-time)
- Apprenticeship

#### Job/career opportunities:

- At this level you should be able to work on building sites completing basic painting and decorating activities

**“Selina is picking up the skill set at College and applies this knowledge with us”**

Harrods Ltd re: Decorative  
Finishing Apprentice

**Painting & Decorating related Apprenticeships at ESC currently include:**

- >> Painting & Decorating Level 2
- >> Painting & Decorating Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email [employerservices@esc.ac.uk](mailto:employerservices@esc.ac.uk).

**ELLIOTT WILSON**  
PLUMBING APPRENTICE

Elliott is doing his Plumbing and Heating Level 3 Apprenticeship with a local general plumbing and heating company - Evans & Son.

He first started at East Surrey College as part of the School Link Programme. Following this he chose to study Level 1 and subsequently Level 2 Plumbing courses.

With the help of his tutors, he was able to apply successfully for an apprenticeship position. He said the Level 1 and Level 2 courses helped him to progress on to the apprenticeship.

Elliott said that the apprenticeship gives him the knowledge and experience to learn how things work on site. He added that all the coursework he is studying at College is directly related to the work that he does with Evans & Son. On completion, he hopes to stay on with Evans & Son on a full-time basis.

### LEVEL 1 DIPLOMA

## Plumbing

#### 1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This Level 1 qualification will provide you with the basic plumbing skills used in industry.

Some of the topics that you will explore include:

- Understanding the Structure of the Industry
- Basic Pipe Bending and Soldering Skills

#### Further study:

- Plumbing Level 2 Diploma
- Apprenticeship

#### Job/career opportunities:

- Employment as a labourer and assistant to a heating and plumbing engineer

### LEVEL 2 DIPLOMA

## Plumbing

#### 1 Year

**Entry Requirements:** 4 GCSE grade A\*-C (9-4) that includes English & Maths, or Plumbing Level 1 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This Level 2 qualification builds on the skills learnt at Level 1 and allows you to carry out installations of bathroom and sanitary ware.

Some of the topics that you will explore include:

- Health and Safety in Building Services Engineering
- Electrical Principles and Processes for Building Services Engineering
- Scientific Principles for Domestic, Industrial and Commercial Plumbing
- Common Plumbing Processes
- Cold Water and Domestic Hot Water Systems
- Central Heating Systems

#### Further study:

- Plumbing Level 3 Diploma
- Apprenticeship

#### Job/career opportunities:

- Employment as a domestic plumbing installer

### LEVEL 3 DIPLOMA

## Plumbing

#### 1 Year

**Entry Requirements:** Plumbing Level 2 Diploma

**Assessment:** Online City & Guilds tests and a portfolio of evidence

#### What will I do on this course?

This course concentrates on the design aspect of plumbing installations and introduces basic elements of the gas appliances.

Some of the topics that you will explore include:

- Plumbing System Installation Planning
- Complex Cold Water Systems
- Domestic Hot Water
- Sanitation and Drainage Systems
- Central Heating Systems
- Domestic Gas Principles
- Career Awareness in Building Services Engineering

#### Further study:

- Construction HNC at ESC

#### Job/career opportunities:

- Employment as a domestic plumbing designer and installer

Plumbing related Apprenticeships at ESC currently include:

>> Plumbing Level 2

>> Plumbing Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email employerservices@esc.ac.uk.

>> Scan the QR Code to hear what Plumbing students say about their course >>

# Engineering & Motor Vehicle

Engineering students progressed to universities including Kingston University, University of Portsmouth and University of South Wales to study degrees in Mechanical Engineering and Aerospace Engineering

Anthony initially studied Electrical & Electronic Engineering Level 3. He then applied for an apprenticeship with Thales UK and found that his qualification helped him to stand out from the other applicants and enabled him to study at a higher level than some of the other apprentices.

Anthony chose to do an apprenticeship as he felt that the combination of academic studies, salary and experience were more beneficial to him than a full-time job or university study. He values being able to learn the theory alongside the practical work as it helps him to understand tasks given to him at work more fully.

Anthony plans to become a technician engineer and progress onto a management role in the future.

**ANTHONY ROPER**  
ELECTRICAL & ELECTRONIC  
ENGINEERING HNC

As an Engineering or Motor Vehicle student you will have the opportunity to:

- take part in various regional and national competitions
- work on local projects in the community
- take part in a team building day

Please note:

- you will need to buy your own personal protection equipment (PPE)
- you may also need to purchase your own tools and overalls
- there may be a cost for trips

>> These industry focussed courses could lead to exciting careers such as >>

- >> Mechanic >> Technician >>
- Automotive designer >> Mechanical engineer >> Motor vehicle fitter >>
- Civil engineer >>

>> **Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects**

>> **All students will complete a work placement or work project as part of their full-time study programme**

## LEVEL 1/2 DIPLOMA Engineering

**1 Year**

**Entry Requirements:** 5 GCSE grade A\*-E (9-2) that includes Science, English & Maths

**Assessment:** Continuous assessment

### What will I do on this course?

This Level 2 qualification provides an introduction to the manufacturing engineering world and students will learn how to use lathes and mills as well as producing Computer Aided Design (CAD) drawings.

Some of the topics that you will explore include:

- CAD Drawing
- Engineering Principles
- Using a Lathe
- Using a Mill
- Communication
- Health and Safety

### Further study:

- Engineering Level 3 90 Credit Diploma
- Manufacturing Engineering Level 3 Diploma

### Job/career opportunities:

- Employment as a Machine Operator

## LEVEL 3 EXTENDED DIPLOMA Aeronautical Engineering

**2 Years**

**168 UCAS Points (Grade D\*D\*D\*)**

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes Science, English & Maths

**Assessment:** Continuous assessment, projects, case studies and practical activities

### What will I do on this course?

This course has been designed to provide students with the knowledge and understanding of fundamental aeronautical engineering principles. Students on this course will benefit from the opportunity of site visits to various aviation organisations and events.

Some of the topics that you will explore include:

- Mathematics for Technicians
- Theory of Flight
- Principles and Applications of Aircraft Mechanical Science
- Electrical & Electronic Principles
- Mechanical Principles and Applications
- Engines and Aircraft Hydraulic Systems

### Further study:

- Aeronautical Engineering HND and Degree level courses

### Job/career opportunities:

- A Mechanical/Electrical Engineering career in the aerospace and aviation industry

ALSO  
AVAILABLE  
AS A  
TECHBACC

100% of students progressed to work or higher level study\*

Mechanical Engineering Level 3

LEVEL 3 EXTENDED DIPLOMA

## Electrical/Electronic Engineering

2 Years 168 UCAS Points (Grade D\*D\*D\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes Science, English & Maths or Engineering Level 2 Diploma

**Assessment:** Continuous assessment

### What will I do on this course?

This BTEC qualification covers a number of topics all related to the Electrical and Electronic industry. Over the two years you will study 16 units and an extended project.

Some of the topics that you will explore include:

- Electrical & Electronic Measurement and Testing
- Electronic Devices and Circuits
- Electrical & Electronic Principles
- Electronic Fault Finding
- Maths & Further Maths
- Further Electrical Principles

### Further study:

- Electrical & Electronic Engineering HNC at ESC
- Degree level course

### Job/career opportunities:

- An Electrical or Electronic Engineer

ALSO  
AVAILABLE  
AS A  
TECHBACC

LEVEL 3 EXTENDED DIPLOMA

## Mechanical Engineering

2 Years 168 UCAS Points (Grade D\*D\*D\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes Science, English & Maths or Engineering Level 2 Diploma

**Assessment:** Continuous assessment

### What will I do on this course?

The course is aimed at stretching the technically minded students to achieve essential skills like problem solving and evaluation. You will be guided and encouraged on your route to explore advances in technology in the Mechanical Engineering world.

Some of the topics that you will explore include:

- Mechanical Principles
- Fluid Mechanics
- Engineering Design
- Computer Aided Drawing
- Hydraulic & Pneumatic Systems

### Further study:

- Mechanical Engineering HNC at ESC
- Degree level course

### Job/career opportunities:

- A Mechanical Engineer

ALSO  
AVAILABLE  
AS A  
TECHBACC

LEVEL 2 DIPLOMA

## Electrical Installation

1 Year

**Entry Requirements:** 4 GCSE grade A\*-C (9-4) that includes Science, English & Maths

**Assessment:** Online City & Guilds tests and a portfolio of evidence

### What will I do on this course?

This Level 2 qualification builds on the skills learnt at Level 1 and will allow you to support a fully qualified electrician on site.

Some of the topics that you will explore include:

- Health and Safety in Building Services Engineering
- Principles of Electrical Science
- Electrical Installations Technology
- Installation of Wiring Systems and Enclosures
- How to Communicate with others within Building Services Engineering

### Further study:

- Electrical Installation Level 3 Diploma (Part-time)
- Apprenticeship

### Job/career opportunities:

- It allows candidates to progress into employment, although not as a fully qualified electrician

Engineering & Electrical Installation related Apprenticeships at ESC currently include:

- >> Electrical Installation Level 3
- >> Engineering Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email [employerservices@esc.ac.uk](mailto:employerservices@esc.ac.uk).

## SAM COLLINS

### MOTOR VEHICLE NATIONAL DIPLOMA

Sam studied a Motor Vehicle National Diploma at the College before progressing to Oxford Brooks University to study Automotive/Mechanical Engineering. Sam spoke of his time at the College: "It provided opportunities which were unique. I built my first racing car there (a Fiesta XR2) with my classmates and we went and raced it in a national championship. It was an amazing experience."

Sam is now working as a Digital/Deputy Editor for Racecar Engineering Magazine and owns his own technical consultancy and research business. He has worked on projects in Formula 1, Le Mans and alternative fuels technology. Sam has published a number of books based around the history of racing and is currently working on modern Formula 1 technology.

On top of all of his various successes Sam is also a radio and TV commentator for Radio Le Mans and NISMO TV.

**"ESC was a crucial part of my career, the effort the staff put in was amazing"**

Sam Collins,  
Motor Vehicle Alumni

#### ENTRY LEVEL DIPLOMA

### Introduction to Vehicle Technology

#### 1 Year

**Entry Requirements:** No formal qualifications

**Assessment:** Continual practical assessment/ portfolio evidence, phase tests and online multiple choice tests

#### What will I do on this course?

The IMI Entry Level Diploma assists you to embark on a career in vehicle repair; you will learn vehicle servicing and repair through a mixture of practical and theoretical tasks in our highly equipped Motor Vehicle workshop and classrooms.

Some of the topics that you will explore include:

- Engine Component Principles
- Cooling & Lubrication Checks
- Steering & Suspension Principles
- Component Fitting
- Brakes/Wheels/Tyre Checks
- Vehicle Construction and Maintenance

#### Further study:

- Vehicle Maintenance & Repair Level 1

#### Job/career opportunities:

- General help in a garage

#### LEVEL 1 DIPLOMA

### Vehicle Maintenance & Repair

#### 1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Continual practical assessment/ portfolio evidence, phase tests and online multiple choice tests

#### What will I do on this course?

This qualification offers students an introduction to motor vehicle maintenance theory and practice. It is designed to prepare you for a career in the motor vehicle maintenance and repair industry. You will learn the basics of all the major motor vehicle systems such as brakes, engines, suspension, transmission and electrics through a series of practical learning tasks and the associated theory.

Some of the topics that you will explore include:

- Exhaust Systems
- Spark Ignition Systems
- Steering & Suspension Systems
- Braking Systems
- Wheels & Tyres
- Vehicle Driveline Maintenance

#### Further study:

- Vehicle Maintenance & Repair Level 2 Subsidiary Diploma
- Vehicle Fitting Principles Level 2 Diploma
- Apprenticeship

#### Job/career opportunities:

- Fast Fit opportunities - tyres and exhausts

#### LEVEL 2 DIPLOMA

### Vehicle Fitting Principles

#### 1 Year

**Entry Requirements:** Vehicle Maintenance & Repair or Vehicle Fitting Level 1 Certificate or equivalent

**Assessment:** Continual practical assessment/ portfolio evidence, phase tests and online multiple choice tests

#### What will I do on this course?

The Level 2 Diploma enables you to further your career opportunities as a Vehicle Fitter; you will extend your learning of vehicle repair through a mixture of practical and theoretical tasks in our high quality, well-equipped Motor Vehicle workshop and classrooms.

Some of the topics that you will explore include:

- Job Roles in the Automotive Industry
- Materials and Fabrication and Tools
- High Speed Light Vehicle Tyres
- Light Vehicle Wheel Alignment
- Light Vehicle Clutches and Exhausts
- Vehicle Batteries and Related Components
- Light Vehicle Suspension
- Light Vehicle Braking Systems

#### Further study:

- Vehicle Maintenance & Repair Level 2 Diploma
- Apprenticeship

#### Job/career opportunities:

- Fast Fit opportunities

Level 3 Motor Sports students took part in an exciting Brands Hatch track day based in the pit garage as part of the crew and working on both the College's own racecar as well as ESC sponsor Ockley Motorsports' vehicle

#### LEVEL 2 SUBSIDIARY DIPLOMA

### Vehicle Maintenance & Repair

1 Year

**Entry Requirements:** Vehicle Maintenance & Repair Level 1 Diploma

**Assessment:** Continual practical assessment/ portfolio evidence, phase tests and online multiple choice tests

#### What will I do on this course?

The Level 2 Diploma enables you to further your career opportunities as a Vehicle Technician; you will extend your learning of vehicle servicing and repair through a mixture of practical and theoretical tasks in our highly equipped Motor Vehicle workshop and classrooms.

Some of the topics that you will explore include:

- Removing and Replacing Engine Units
- Engine Cooling and Lubrication Systems
- Engine Fuel, Ignition and Air and Exhaust Systems
- Light Vehicle Electrical Units and Components
- Light Vehicle Chassis Units and Components
- Light Vehicle Transmission and Driveline Units and Components

#### Further study:

- Vehicle Maintenance & Repair Level 3 Diploma
- Apprenticeship

#### Job/career opportunities:

- General Vehicle Engineer

#### LEVEL 3 DIPLOMA

### Vehicle Maintenance & Repair

1 Year

**Entry Requirements:** Vehicle Maintenance & Repair Level 2 Diploma

**Assessment:** Assignments and tests

#### What will I do on this course?

This Level 3 qualification covers the technical needs for today's motor vehicle repair industry including the diagnosis of complex system faults.

Some of the topics that you will explore include:

- Advanced Chassis Technology
- Advanced Engine Technology
- Advanced Transmission Technology
- Advanced Electrical and Electronic Technology

#### Further study:

- Manufacturing Technician courses

#### Job/career opportunities:

- Employment as a Service Technician working on light vehicles (cars and vans) in all types of garages, dealerships and maintenance depots

**"I really enjoyed the challenge of working as a team under race situations, and putting the skills I had learned in the classroom in to practice."**

**Safeer Ahmed**

**Level 3 Vehicle Technology (Motor Sports)**

#### LEVEL 3 EXTENDED DIPLOMA

### Vehicle Technology (Motor Sports)

2 Years 168 UCAS Points (Grade D\*D\*D\*)

**Entry Requirements:** 5 GCSE grade A\*-C (9-4) that includes Science, English & Maths

**Assessment:** Continual assessment through assignments, practical assessments and phase tests

#### What will I do on this course?

The course aims to provide the technical knowledge and skills required by today's Retail Motor Industry. It covers the basic systems found on a modern vehicle and the associated background studies including engineering, mathematics and science. This qualification involves both theory and practical learning at a challenging level. As a BTEC there are 16 units plus the extended project to complete over the 2 years.

Some of the topics that you will explore include:

- Operation of Vehicle Chassis Systems
- Motor Sport Vehicle Preparation and Inspection
- Motor Sport Workshop Practices
- Vehicle Engine Principles, Operation, Service and Repair
- Operation and Maintenance of Light Vehicle Transmission Systems
- Light Vehicle Suspension, Steering and Braking Systems

#### Further study:

- Motor Vehicle Engineering HND
- Degree level course

#### Job/career opportunities:

- Motor Vehicle Technician

ALSO AVAILABLE AS A TECHBACC

Motor Industry related Apprenticeships at ESC currently include:

- >> Motor Vehicle Level 2
- >> Motor Vehicle Level 3

# Hair, Beauty, Make-Up & Spa

92% of students progressed to work or higher level study\*

Beauty Therapy Level 3

Megan chose the College as it had modern and up to date salons and facilities. Megan progressed from Hairdressing Level 2 to the Level 3 course, where she was course representative and spoke for her peers in College meetings.

Megan enjoyed being at the College and felt it provided a good working environment to learn and has helped her develop her skills in areas such as hair colouring. She said the teachers were very supportive throughout the duration of her course and especially found it beneficial when Goldwell visited the College to run a training day, showing students the best way to use their products.

Megan works part-time at Ghost Hair, Purley and also had the opportunity to assist a hair stylist at London Fashion Week. She will be adding to her skills next year with a part-time Barbering course at the College while she is working at the salon.

**MEGAN MELINIOTIS**  
HAIRDRESSING LEVEL 3

>> These industry focussed courses could lead to exciting careers such as >>

- >> Barber >> Hairdresser >> Specialist hair colourist >> Beauty therapist >> Holistic therapist >> Nail technician >> Make-up artist >> Massage therapist >> Skincare consultant >> Spa therapist >>

As a student in the Hair, Beauty, Make-Up & Spa department you will have the opportunity to:

- take part in Hair & Beauty shows throughout the year
- take part in internal and external competitions
- train in professional working salons

Please note that during your course you will need to:

- buy an Escape Salon uniform
- supply your own tools eg make-up brushes
- provide your own models for training and assessment
- pay for any photo shoots

Financial help is available, please contact Client Services on 01737 788444 for more details

>> Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects

>> All students will complete a work placement or work project as part of their full-time study programme

## LEVEL 1 DIPLOMA

### Beauty Therapy

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

This introduction to the beauty industry gives an insight into the services and treatments provided in salons. This course also includes English & Maths and a personal development programme.

Some of the topics that you will explore include:

- Introduction to the Hair & Beauty Sector
- Basic Manicure Treatment
- Basic Pedicure Treatment
- Health and Safety in the Salon
- Skin Care
- Basic Make-Up Application

#### Further study:

- Beauty Therapy Level 2

#### Job/career opportunities:

- Employment as an assistant in a beauty salon

## LEVEL 2 DIPLOMA

### Beauty Therapy

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths or Level 1 Beauty Diploma and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

Gain a recognised qualification to practice Beauty Therapy. Study treatments such as facials, eyelash and eyebrow treatments, waxing and make-up.

Some of the topics that you will explore include:

- Facial Skin Care
- Eyelash and Eyebrow Treatments
- Remove Hair using Waxing Techniques
- Apply Make-Up
- Follow Health and Safety Practice in the Salon
- Client Care and Communication in Beauty Related Industries

#### Further study:

- Beauty Therapy Level 3
- Spa Therapy & Body Treatments Level 3

#### Job/career opportunities:

- Employment as a Junior Therapist, self employment or a beauty consultant

\*2014/15 known destinations - to further education or employment

Theatrical, Special Effects & Media Make-Up students wowed judges at the 2016 Warpaint Competition winning the competitive College Cup for the second year running!

#### LEVEL 3 DIPLOMA

### Beauty Therapy

1 Year

**Entry Requirements:** Beauty Therapy Level 2 Diploma and GCSE grade A\*-C (9-4) in English

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

A specialist vocational qualification, that will complement the knowledge, understanding and skills gained at Level 2 and is focussed on producing highly proficient, professional Beauty Therapists. Learn all aspects of the Beauty industry including how to contribute to the financial effectiveness of the business and how to promote additional services to clients.

Some of the topics that you will explore include:

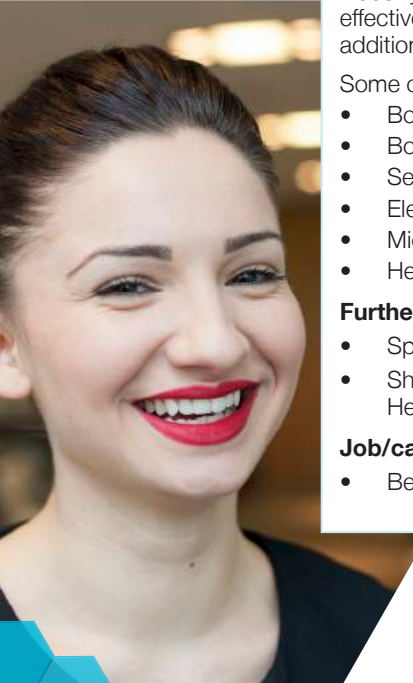

- Body Massage
- Body & Facial Electrotherapy Treatments
- Self Tanning
- Electrical Epilation
- Microdermabrasion
- Health and Safety Practice in the Salon

#### Further study:

- Spa Therapy & Body Treatments Level 3
- Short courses such as Reflexology and Indian Head Massage

#### Job/career opportunities:

- Beauty Therapist

#### LEVEL 3 DIPLOMA

### Spa Therapy & Body Treatments

1 Year

**Entry Requirements:** Beauty Therapy Level 2 Diploma and GCSE grade A\*-C (9-4) in English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

Study a range of Spa therapy focussed units to enable you to gain the skills, knowledge and understanding required in order to perform head and body massage treatments and operate spa equipment such as sauna, steam and floatation. The course will also provide comprehensive coverage of anatomy and physiology.

Some of the topics that you will explore include:

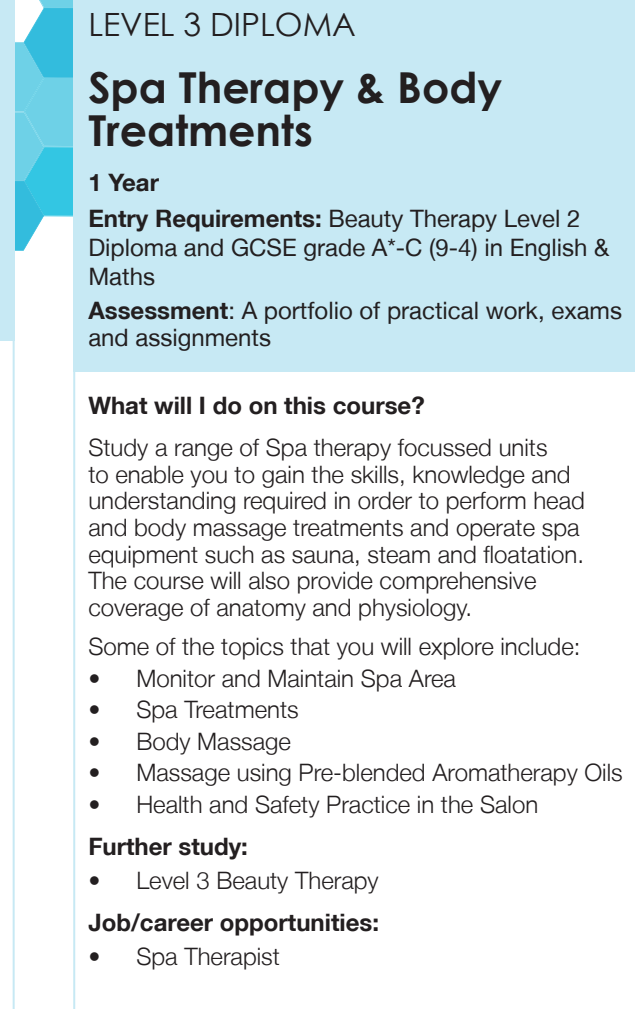

- Monitor and Maintain Spa Area
- Spa Treatments
- Body Massage
- Massage using Pre-blended Aromatherapy Oils
- Health and Safety Practice in the Salon

#### Further study:

- Level 3 Beauty Therapy

#### Job/career opportunities:

- Spa Therapist

#### LEVEL 1 DIPLOMA

### Hairdressing

1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

This course is an introduction to the hair industry and offers an insight into the services and treatments provided in salons. This course also includes Maths & English and a personal development programme.

Some of the topics that you will explore include:

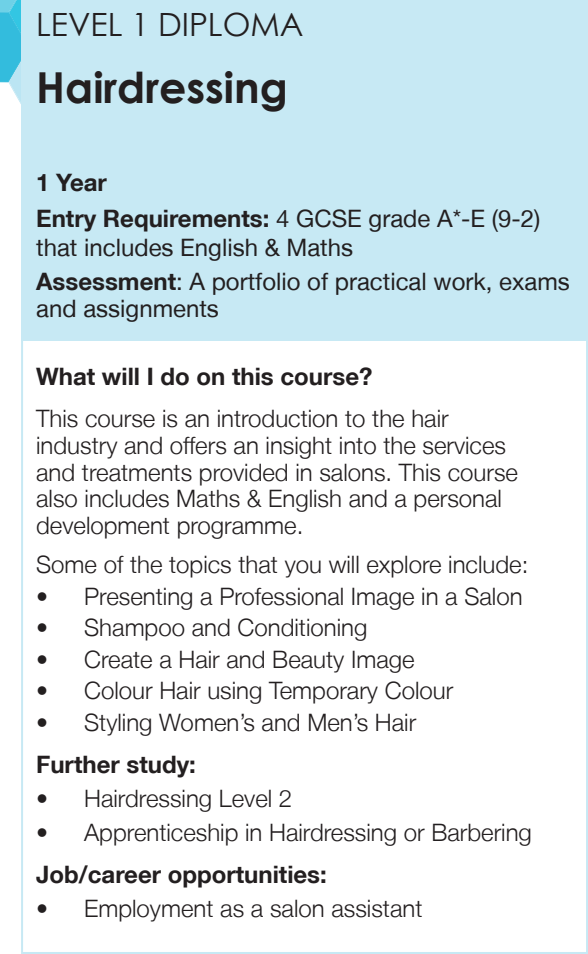

- Presenting a Professional Image in a Salon
- Shampoo and Conditioning
- Create a Hair and Beauty Image
- Colour Hair using Temporary Colour
- Styling Women's and Men's Hair

#### Further study:

- Hairdressing Level 2
- Apprenticeship in Hairdressing or Barbering

#### Job/career opportunities:

- Employment as a salon assistant

#### LEVEL 2 DIPLOMA

### Hairdressing

1 Year

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths or; Level 1 Hairdressing Diploma and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

#### What will I do on this course?

Develop your practical techniques in a broad range of women's hairdressing skills to become a junior stylist. Underpinning this qualification you will develop a sound knowledge and understanding of theory to each unit and gain the employability skills needed to become a successful hairdresser.

Some of the topics that you will explore include:

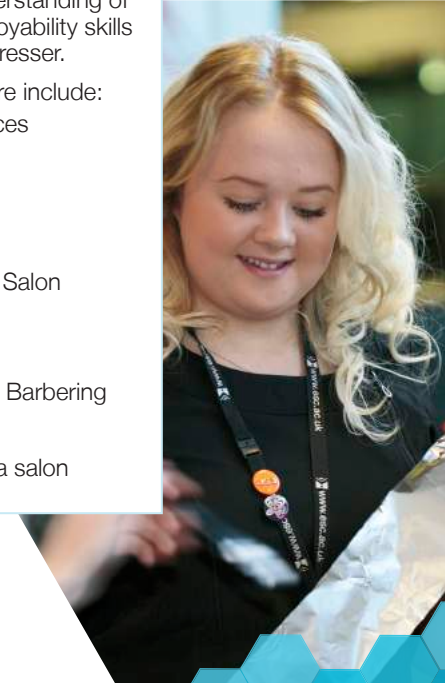

- Client Consultation for Hair Services
- Colour and Lighten Hair
- Cut Women's Hair
- The Art of Dressing Hair
- The Art of Colouring Hair
- Health and Safety Practice in the Salon

#### Further study:

- Hairdressing Level 3
- Apprenticeship in Hairdressing or Barbering

#### Job/career opportunities:

- Employment as a junior stylist in a salon

**Hair, Beauty & Theatrical Make-Up students visited Paris to attend professional make-up demonstrations and seminars by the renowned Make Up For Ever Academy**

**LEVEL 3 DIPLOMA**

**Hairdressing**

**1 Year**

**Entry Requirements:** Hairdressing Level 2 Diploma and GCSE grade A\*-C (9-4) in English

**Assessment:** A portfolio of practical work, exams and assignments

**What will I do on this course?**

Update and extend your hairdressing skills including advanced colouring techniques and cutting edge fashion work. You will take part in a variety of shows and competitions throughout the year to help develop your career to become a top flight stylist or trainer.

Some of the topics that you will explore include:

- Creatively Cut Hair using a Combination of Techniques
- Colour Hair using a Variety of Techniques
- Provide Colour Correction Services
- Create a Variety of Permed Effects
- Provide Creative Hair Extension Services (additional cost of approximately £250)
- Monitor Procedures to Safely Control Work Operations

**Further study:**

- Salon Management Level 4 Diploma

**Job/career opportunities:**

- Salon stylist

**Hairdressing related Apprenticeships at ESC currently include:**

- >> Barbering Level 2
- >> Hairdressing Level 2
- >> Hairdressing Level 3

See page 16 for more information or call our Employer Services Team on 01737 788316 or email employerservices@esc.ac.uk.

**LEVEL 2 DIPLOMA**

**Hair & Media Make-Up**

**1 Year**

**Entry Requirements:** 5 GCSE grade A\*-D (9-3) that includes English & Maths or Level 1 Hairdressing or Beauty Diploma and GCSE grade A\*-D (9-3) in English & Maths

**Assessment:** A portfolio of practical work, exams and assignments

**What will I do on this course?**

This qualification has been specifically designed to enable you to learn and develop your skills in both aspects of hairdressing and media make-up.

Some of the topics that you will explore include:

- The Art of Photographic Make-Up
- Client Consultation for Hair Services
- The Art of Dressing Hair
- Applying Make-Up
- Create an Image Based on a Theme within the Hair and Beauty Sector
- Health and Safety Practice in the Salon

**Further study:**

- Theatrical, Special Effects & Media Make-Up Level 3
- Fashion & Media Make-Up Level 3
- Apprenticeship in Hairdressing or Barbering

**Job/career opportunities:**

- Employment as a beautician in retail outlets

**LEVEL 3 DIPLOMA**

**Fashion & Media Make-Up**

**NEW**

**1 Year**

**Entry Requirements:** Hairdressing, Beauty Therapy, Hair & Media Make-Up or Art Level 2 Diploma and GCSE grade A\*-C (9-4) in English

**Assessment:** A portfolio of practical work, photographic evidence, exams and assignments

**What will I do on this course?**

This qualification builds on existing knowledge and understanding of make-up artistry gained at Level 2, enabling students to expand the scope of their technical skills to prepare you for employment as a make-up artist.

Some of the topics that you will explore include:

- Airbrush Make-Up for the Face
- Camouflage Make-Up
- Fashion and Photographic Make-Up
- Media Make-Up
- Fantasy Hair Design
- Monitor and Maintain Health and Safety Practice in the Salon
- Design and Apply Face and Body Art
- Provide Eyelash and Brow Treatments

**Further study:**

- Salon Management Level 4 Diploma

**Job/career opportunities:**

- Employment as a make-up artist

## COMPETITION SUCCESS!

Theatrical, Special Effects & Media Make-Up students amazed judges at the national 2016 Professional Beauty (Warpaint) competition held in ExCeL London. It was the largest Warpaint competition yet with over 100 competitors!

For the fourth year running students at ESC have won the Editorial/Runway category. There was an excellent display of work from everyone.

Lauren Owen received three awards including 1st Place in Runway 'Tribal' and the prestigious Rising Star Award. Nicolle Williams (pictured) won 2nd place in the Runway Category.

Nicolle subsequently competed in the national Jane Iredale Student Make-Up Competition where she achieved second place against 200 entrants!

### LEVEL 3 DIPLOMA

## Theatrical, Special Effects & Media Make-Up

1 Year

**Entry Requirements:** Hairdressing, Hair & Media Make-Up or Art Level 2 Diploma and GCSE grade A\*-C (9-4) in English

**Assessment:** A portfolio of practical work, photographic evidence, exams and assignments

#### What will I do on this course?

You will produce avant-garde and commercial looks, including the hair styling and costumes to complement your make-up design. Develop your skills to create looks that could be used in film, television, fashion and media.

Some of the topics that you will explore include:

- Media Make-Up (Special Effects)
- Fashion and Photographic Make-Up
- Apply Prosthetic Pieces and Bald Caps
- Style and Fit Postiche (wigs, facial hair and hairpieces)
- Design and Apply Face and Body Art
- Monitor and Maintain Health and Safety Practice in the Salon

#### Further study:

- Theatrical, Media & Special Effects Make-Up Foundation Degree (FdA) at ESC (subject to validation by University of Brighton)

#### Job/career opportunities:

- Make-Up Artist

# Life Skills

**MARIA CAMILA GUERRA**  
ESOL ENTRY LEVEL 3

Maria initially struggled as all her previous education had been in Spanish. She first started on the Entry Level 1 course, however following an assessment she progressed to the Entry Level 3 course.

During her course she enjoyed doing a project for a charity called 'St Peters House Project' where students created leaflets for the organisation. At times Maria found the coursework challenging but was grateful for the support provided by her tutors. Maria has enjoyed developing her skills in English.

Maria was a course representative and also received the award for Most Improved Student for ESOL Entry Level 3 at the 2016 End of Year Awards. She will be progressing onto the Art & Design Level 1 course in September 2016.

As a student on a Life Skills course, you will have the opportunity to:

- try out a range of vocational activities
- develop your social and personal skills
- participate in enrichment activities

>> Students will study **English and Maths** as part of their course if they do not already hold a GCSE grade C or above in these subjects

>> All students will complete a **work placement or work project** as part of their full-time study programme

## ENTRY LEVEL 1, 2 & 3

### ESOL

#### 1 Year

**Entry Requirements:** This qualification is for 16-18 year olds only. We will provide all new students with a free English language test to check the entry level of students

**Assessment:** ESOL exams

#### What will I do on this course?

Study the English language and citizenship, whilst improving your grammar, speaking and listening skills, and writing (formal and informal). This will prepare you to continue in education and will improve your employability skills.

Some of the topics that you will explore include:

- Speaking, Listening, Reading & Writing Skills
- Employability and Personal Development
- Functional Skills Maths

#### Further study:

- Progress to additional ESOL courses
- Vocational courses at ESC

#### Job/career opportunities:

- Increased access to employment opportunities through improved language skills

## LEVEL 1

### Hospitality & Customer Service

#### 1 Year

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths

**Assessment:** Coursework and assignments

#### What will I do on this course?

This course is a general introduction to the hospitality and catering industry. The course develops life skills and is suitable for students who wish to progress to further studies

Some of the topics that you will explore include:

- Customer Service
- Food Service
- Housekeeping
- Employability and Personal Development

#### Further study:

- Level 1 or 2 full or part-time courses

#### Job/career opportunities:

- Job roles in the Catering Industry including Trainee Chef or Cook, Commis Waiter and Waitress, Kitchen Assistant, Front Office Assistant and Housekeeping Staff

NEW

### Supported Internship

#### 1 Year

**Entry Requirements:** No formal qualifications required. Must have an Education Health Care Plan and be a Surrey resident.

**Assessment:** Tutor assessment

#### What will I do on this course?

This course is aimed at East Surrey College students who have completed Entry Level and Level 1 courses and need support to transition to voluntary or paid work.

As part of this internship, you will gain real world experience in the workplace two days a week as well as developing individual employability and independence skills whilst at College one day a week.

Some of the topics that you will explore include:

- Health and Safety in the Workplace
- Working with Others
- Job Search Techniques
- Interview Skills
- Personal Presentation
- General and Specific Work Related Skills
- Independence Skills Preparing for Adulthood

#### Further study:

- Progression out of College to a workplace

#### Job/career opportunities:

- A variety of employers will be offering Supported Internships and work placements will be matched to student skills. The objective will be for you to secure paid or voluntary employment by the end of your course.

### Traineeship

**26 Weeks** (1 day per week at College and at least 2 days per week work experience)

**Entry Requirements:** Suitable only for students with a qualification below Level 3. For those aged 16-24 who are focussed on gaining full-time employment or an Apprenticeship

**Assessment:** Coursework and exams

#### What will I do on this course?

This is a full-time study programme where you will receive high quality workplace training to help you to improve your route to employment or an Apprenticeship. This course will enable you to build your confidence and support you in making valuable links with employers.

Students will also take part in an extended work placement with an employer suited to their career choice. If you do not already hold a grade C or above in GCSE English and Maths you will also study English and Maths (GCSE or Functional Skills).

Some of the topics that you will explore include:

- Confidence Building
- Teamwork and Communication
- Effective Job Applications
- Interview Techniques
- Presentation Skills
- ICT Skills

#### Further study:

- Apprenticeship
- Full-time or Part-time College course

#### Job/career opportunities:

- You will develop important skills needed by employers and it will provide stepping stones for entry to employment

**REBECCA GOLDSMITH**  
VOCATIONAL STUDIES

Rebecca found school challenging due to personal circumstances and her GCSE grades did not reflect her academic ability. Since starting Vocational Studies Rebecca has excelled in her work, producing high quality assignments and frequently communicating ideas that, at times, would not look out of place in a higher education setting. Due to her mature attitude she has also had the opportunity to be a Trainee Learning Support Assistant in English class, supporting her peers in their studies.

She has also engaged in work experience with the YMCA, working on their Waves Programme which is designed to support those with mental health needs. This has provided her with excellent experience and she has now started an Apprenticeship in Childcare with the YMCA.

“I feel I have developed my confidence so much and am always well supported by the staff.”

## LEVEL 1

### Vocational Studies

#### 1 Year

**Entry Requirements:** No formal qualifications required. A positive attitude and a willingness to undertake a range of college activities

**Assessment:** Coursework and exams

#### What will I do on this course?

Vocational Studies (Kick Start) teaches you study skills that can be used in all future courses. You will also take part in taster sessions for various courses, talks with guest speakers, a range of team-building and enrichment trips, and work that develops your Maths and English skills.

Some of the topics that you may explore include:

- Sport
- Introduction to Hair and Beauty
- Starting Work in Construction
- Introduction into the Hospitality Industry
- Public Service Careers
- Functional Skills in Maths and English
- Art, Design and Media

#### Further study:

- Full-time vocational college course

#### Job/career opportunities:

- Entry level positions in a range of industries
- Apprenticeship
- Traineeship

**HARRY GAULD**  
EMPLOYABILITY/WORK SKILLS

When Harry first joined East Surrey College he was a shy unconfident young man with communication difficulties which meant it had been hard for him to make solid friendships at his last school. Harry has thrived both socially and academically, becoming a popular, bubbly and more confident young person.

He has enjoyed doing hairdressing as well as developing other skills such as cooking (particularly apple crumble) and gardening.

As part of the enterprise project on his course Harry participated in selling cards as well as helping the Marketing Department in preparing visitor packs for Open Events. Harry has also maintained a part-time job at a local supermarket.

Harry won the Positive Attitude Award at the 2016 End of Year Awards, and has gained the skills and confidence this year to progress onto a Level 1 mainstream course in September.

### Life Skills - SEND

The Life Skills-SEND department promotes inclusion and personal development for students with special educational needs and disabilities (SEND). We have a range of courses suited to all abilities which are particularly suitable for those who may not have had the opportunity to access a full range of GCSE or Functional Skills subjects in their previous schooling.

We recognise everyone has individual needs and abilities and we will work with you to meet the outcomes of your Education Health Care Plan (EHCP). We believe our students benefit from building on previous skills learnt to enable them to access the wider community which prepares them for the workplace and more independent living.

Students are placed on a course and depending on their prior attainment, often progress to a higher level over a two or three year period. Courses contain a variety of practical skills and academic subjects to ensure students are motivated to take on new challenges and ideas in preparation for adulthood.

During your interview we will discuss your special needs and endeavour to meet them by providing appropriate specialist support and making reasonable adjustments where it is reasonably practical.

**Life Skills - SEND students created and sold a range of handmade cards over the course of the year for special occasions such as Mothers' Day and Christmas.**

## Promoting Independence

**1 or 2 Years**

**Entry Requirements:** Interview and specialist assessment

**Assessment:** Coursework

### What will I do on this course?

Students will study a range of units to enhance their personal progress and independence. You will work with lecturers to set relevant individual targets and to work on your own development for both academic and personal progress. Students will work on personal skills such as communication, behaviour, confidence, keeping safe and engaging with others. Embedded functional skills including Literacy, Numeracy and ICT will be included within sessions and taught in an inclusive practical way.

Some of the topics that you will explore include:

- Hospitality
- Daily Living Skills
- Enterprise
- Art
- Personal Social Development
- Maths and English

### Further study:

- Skills for Independence and Work

### Job/career opportunities:

- Voluntary work experience

## Skills for Independence and Work

**1 or 2 Years**

**Entry Requirements:** Interview and specialist assessment

**Assessment:** Coursework

### What will I do on this course?

Students will study a range of units to enhance their education and independence skills. You will be taught a range of units to support your development within education and to complement your independent living skills. This will allow you to progress academically.

Students will increase their understanding of core functional skills including Literacy, Numeracy and ICT and understand how it is used in daily situations. Targets will be in an individual learning plan and a range of daily living skills will equip you for your future. Students will take Functional Skills exams to complement their main qualification.

Some of the topics that you will explore include:

- Investigating a range of occupations
- Supported work experience and enterprise/retail activities
- Independent living units which will help to understand the importance of daily living and money
- Maths and English

### Further study:

- Employability/Work Skills

### Job/career opportunities:

- Voluntary work experience

## Employability/Work Skills

**1 or 2 Years**

**Entry Requirements:** Interview and specialist assessment

**Assessment:** Coursework

### What will I do on this course?

This course provides students with an opportunity to experience a range of vocational areas throughout the College. This includes Horticulture, Hairdressing, Sports and Construction. Students may also undertake units in Health & Social Care, Travel & Tourism, Media and Customer Services.

Students will be working towards improving their core Literacy and Numeracy skills. Students will undertake work experience placements which will be arranged in line with the student's career aspirations whenever possible.

Some of the topics that you will explore include:

- Personal Social Development
- Preparing for Work
- Retail
- Personal Presentation
- Communication
- Hospitality

### Further study:

- Level 1 Vocational Course

### Job/career opportunities:

- Voluntary work experience

**GRACE TAYLOR**  
PUBLIC SERVICES LEVEL 3

Grace chose to study Public Services as it gave her the background knowledge she needed to be able to apply for the police force. She enjoyed gaining in-depth knowledge of the sectors in public services such as the Army, Marines and the RAF.

Grace particularly enjoyed learning about Police powers and the drill training aspects of her course. Grace said that the course has helped her decide what she wants to do for a career.

Grace has been a Police Cadet for three years and hopes to join the Police Force and is currently finalising her application.

As a Public Services or Sport student you will have the opportunity to:

- take part in camping trips/expeditions/water sports
- go on various visits such as to the Houses of Parliament
- attend talks and presentations from various public service workers such as the Royal Marines
- learn team building and navigation skills and take part in outdoor adventure activities
- be part of the College sports teams

Please note you will need to:

- buy a Public Services/Sport uniform (polo shirt/fleece/trousers/boots)
- have/buy basic expedition equipment for camping trips
- pay for any expeditions/water sports
- pay for additional qualifications that are offered

Financial help is available, please contact Client Services on 01737 788444 for more details.

>> **Students will study English and Maths as part of their course if they do not already hold a GCSE grade C or above in these subjects**

>> **All students will complete a work placement or work project as part of their full-time study programme**

>> **These industry focussed courses could lead to exciting careers such as >>**

>> Armed forces >> Fitness instructor >> Physiotherapist >> Fire service >> Police force >> Sports centre manager >> Security services >> Customs & excise officer >> Sports coach >> Criminal justice >>

**NEW**

## LEVEL 1 DIPLOMA Public Services

**1 Year**

**Entry Requirements:** 4 GCSE grade A\*-E (9-2) that includes English & Maths
