HELLO!

Lindsay Pamphilon
Principal

WELCOME TO EAST SURREY COLLEGE

I am so pleased you are looking to apply to study with us after your GCSEs! Our College is an aspirational place to learn with highly skilled, supportive staff and industry standard facilities as well as being a safe place where you can truly be yourself.

Our key focus is you – your education, your success and your future career! We will help you maximise your potential. Whether your ambition is to go straight into the world of work, start an apprenticeship or go to university, we have great links with local and national employers and our Careers team will support you in planning your next steps.

We look forward to welcoming you to our community!

OPEN EVENTS

LET'S TALK ABOUT YOUR FUTURE

Choosing a College is a big decision. Our Open Events offer you the chance to visit us and see what College life is all about and:

- ▶ Find out about courses
- ▶ Take a look around
- ▶ Chat to our experienced tutors
- ▶ Help with your application

You can also find out how we support your journey from school through to starting your career.

Book online at esc.ac.uk/events

WHY CHOOSE ESC? >>>>

Studying at ESC will provide you with a whole range of skills and experiences to prepare you for your next steps, whether you are progressing within education or employment. Here are a few examples of why you should join us:

- ▶ Career focused courses at all levels
- ▶ You can study Maths and English alongside your course
- ▶ Excellent industry-standard facilities and resources
- ▶ Industry trained tutors
- ▶ Wide range of support available
- ▶ Exciting enrichment programme
- ▶ Work experience and industry placements
- ▶ We work closely with many local and national employers
- ▶ Excellent progression into work and further study
- ▶ Learning Resource Centre provides PC access, books and e-resources

EXCELLENT FACILITIES

Our campus provides fantastic teaching and enrichment facilities. Each subject area has dedicated spaces with relevant industry equipment.

HOW WE SUPPORT YOU

Our Student Support teams are here to support your success and help make your time at ESC rewarding and enjoyable.

CLIENT SERVICES

When you apply and enrol at ESC, our dedicated Client Services team will be available throughout the year to help and support you.

They're on hand to offer you impartial information, advice and guidance across a variety of areas, including:

- ▶ Course information
- ▶ Help with your application and enrolment
- ▶ Advice about progression options
- ▶ Financial information, advice and guidance

PERSONAL TUTOR

When you enrol, you'll be allocated a personal tutor who will keep you updated and support you throughout your course to achieve your full potential.

Your personal tutor will help you set goals, give guidance and advice on your career options including Apprenticeships, Higher Education or job applications.

Our Client Services team are always happy to help! Please call 01737 788444

LEARNING SUPPORT

Additional support can be provided if you have an Education, Health, and Care Plan (EHCP), learning difficulty, disability or other support needs – please let us know when you apply.

Support options may include making reasonable adjustments to facilities and resources, access to a learning support assistant or specialist study support sessions.

We can also provide:

- ▶ Access to assistive technology and software
- ▶ Assessments for exam access arrangements
- ▶ Dyslexia screening alongside recommended strategies for independent progress in learning
- ▶ Sensory support for hearing and visual needs
- ▶ Neurodiversity support
- ▶ Quiet space

We also hold a successful autism support group where students socialise and have opportunities to try out new activities.

Let us know your needs by ticking the appropriate boxes on your application form and discussing this fully at your interview.

SAFEGUARDING & WELLBEING

Keeping you safe is our top priority. All our staff are trained in safeguarding to help ensure College is a safe place for you to study. There are many routes for students to access support both in-person and online.

We're committed to promoting the importance of taking care of your mental health and wellbeing.

Our Wellbeing Hub is full of useful links and tips for maintaining your mental health and wellbeing while working and studying.

www.esc.ac.uk/wellbeing-hub

CAREERS ADVICE & GUIDANCE

Our Careers team offer support with career planning and preparing for key steps towards employment and work readiness. Helping you with:

- ▶ Exploring career pathways
- ▶ Improving your job search
- ▶ Identifying your transferable skills
- ▶ CVs & job applications
- ▶ Support with UCAS applications

www.esc.ac.uk/about-careers-hub

FEES

& FINANCE >>>>

aged
16-18

If you are aged 16-18 when you join us, your tuition will be FREE!

OTHER COSTS

You may be required to pay a resource fee and educational visit costs, however financial support is available for those who need it (subject to family income).

FINANCIAL SUPPORT

Students from low income households, including those on benefits, may be eligible for financial support through one of our bursary support schemes. Students who are classified as a vulnerable learner may also be eligible.

Following a needs assessment, students may be eligible for financial support towards:

- ▶ Childcare costs
- ▶ Resource/materials fees
- ▶ Kit and uniform
- ▶ Essential educational visits
- ▶ Free school meals
- ▶ Travel expenses
- ▶ Industry placements

Application forms are available at www.esc.ac.uk or from our Bursary Officer, who can provide detailed information relevant to you and will assess your application to see if you are eligible for financial support.

Contact our Bursary Officer for help and advice about student loans, funding or bursaries: ☎ 01737 788444 ✉ studentbursary@osc.ac.uk

The College only accepts cashless payments

FEES

& FINANCE >>>>

aged
19+

If you will be aged 19+ when you join us, you may have to pay tuition fees which vary by course and level, so please contact us for more details.

OTHER COSTS

You may be required to pay a resource fee and educational visit costs, however financial support is available for those who need it (subject to family income).

FINANCIAL SUPPORT

Depending on the qualifications you have already gained, tuition and/or exam fees may be payable. If you are studying your first full Level 2 or 3 qualification, then you may not have to pay tuition or exam fees.

If you have not achieved a full Level 3 qualification and the course you are applying for is on the Skills For Jobs list, then you may also not have to pay tuition or exam fees.

For Level 2 qualification courses and below, you may not have to pay tuition or exam fees if you are unemployed and receiving a state benefit, or you are working and are on a low income (exact criteria to be confirmed by the Education and Skills Funding Agency (ESFA) in May 2025).

If you are studying a Level 3 qualification or higher and are not entitled to any other waivers, you will normally have to pay course fees. Or if available, you can apply for an Advanced Learner Loan which is managed by the Student Loans Company, and further information can be found on their website www.slc.co.uk.

If you are using the Advanced Learner Loan to pay for an Access to Higher Education course, once you have successfully completed your Higher Education course, the Student Loans Company will write off the amount outstanding on the loan.

COURSES & QUALIFICATIONS

We offer a range of courses at various levels across each subject area.

SUPPORTED LEARNING

Entry Level 1 – 3 programmes are designed to support students to progress towards independence – building personal, social and work readiness skills that are vital for daily living.

Supported Internships are structured, work-based programmes. With the support of an expert job coach, students spend typically around 70% of their learning time in a workplace.

VOCATIONAL COURSES

Level 1 – Level 3 courses are designed for those interested in a particular sector or industry, offering a mix of theory and practical learning. These courses will be a great choice for you if you:

- ▶ Prefer practical hands-on learning
- ▶ Prefer work-based assessments rather than exams
- ▶ Want to go direct into employment or further study

T LEVELS

T Levels are career-focused qualifications which get students career ready with a focus on work placements and classroom/workshop learning. They are equivalent to 3 A Levels and will help you step straight into your chosen career, Apprenticeship or Degree. See page 16.

APPRENTICESHIPS

As an Apprentice you will be an employee earning a wage, build your skills and gain a nationally recognised qualification. Apprenticeships combine practical on-the-job training with study to develop job-specific skills and knowledge. See page 18 for more information.

ESOL (English for Speakers of Other Languages)

If English isn't your first language, ESOL courses cover speaking, listening, reading and writing. You will be assessed before starting, to ensure you are placed on the right course level.

UNIVERSITY LEVEL COURSES

Students can continue into higher education with us with the benefit of staying local. Orbital South Colleges University Centre offers a range of qualifications including:

- ▶ Foundation Degree (FdA / FdSc)
- ▶ Bachelor's Degree - BA (Hons) / Top-Up
- ▶ Higher National Diploma (HND)
- ▶ Higher National Certificate (HNC)
- ▶ Higher Technical Qualifications (HTQs)
- ▶ Higher and Degree Apprenticeships
- ▶ Professional Courses

HOW TO APPLY

Visit us at an Open Event, check out the information in this guide, visit our website to find a course that interests you.

STEP 1.

apply

Once you have found a subject you would like to study, visit www.esc.ac.uk and:

- ▶ Search for your course of interest
- ▶ Click the **APPLY** button
- ▶ Register for an online account
- ▶ Complete the application form

STEP 2.

interview

After applying, you'll be invited to the College for an INFORMATION, ADVICE & GUIDANCE interview where we'll discuss all aspects of your chosen course.

This is an important opportunity to ensure that this is the right course for you and for us to fully explain the details and requirements of the course.

STEP 3.

your offer

16-18 year olds

If you're successful, you'll be offered a conditional place which will be confirmed during enrolment when you provide your exam results.

Adult students

with appropriate qualifications are usually offered unconditional places.

STEP 4.

enrol

You'll be invited to enrol at the College in the summer.

If you didn't do as well as you hoped in your exams – don't panic! We will work to offer you a more appropriate course, often leading to your first choice at a later date. If you did better than you expected, we will discuss with you the option of starting on a higher level.

ENGLISH & MATHS

English and Maths are particularly valued by employers and are important for progression onto higher levels of study. When applying for a job or College course you'll be asked to provide evidence of your exam results.

GCSE Maths and English are essential qualifications and will form part of your Full-time programme unless you have already achieved grade 4 or above.

We also offer a variety of ways to support your learning through mentoring classes, revision breakfast clubs and fun competitions.

GEMS

Our GCSE re-sit programme is designed for school leavers looking to improve their GCSE grades or who maybe missed the opportunity to sit the exams. Subjects include Maths, English, Combined Science, Computer Science plus a Project-based qualification.

YOUR STUDY PROGRAMME

As a 16-18 year old student you will join a study programme which is designed to give you the skills needed to progress on to further study or a job.

YOUR STUDY PROGRAMME WILL COMBINE:

Lessons, Tutorials, English & Maths (unless you already have GCSEs at grade 4 or above), work experience and enrichment activities.

UCAS POINTS

T Levels and Level 3 Extended Diplomas are equivalent to 3 A Levels and will give you valuable UCAS points for university entry.

ENTRY REQUIREMENTS GUIDE

Typical entry requirements apply to students aged 16-18.

For Adults aged 19+, equivalent qualifications and relevant work experience will be considered.

In exceptional circumstances, applications which do not meet the formal entry criteria may be considered on an individual basis.

HOW & WHAT YOU'LL LEARN	Practical, hands-on learning that will develop your skills, knowledge and confidence	Hands-on learning that will provide you with an introduction to an industry or subject area of interest	Develop core theoretical knowledge, in the classroom and practical skills in your chosen area	A blend of practical, career focused skills and academic study in your chosen area, to prepare you for employment or higher education	You will study a broad range of subjects in Art & Design Support and guidance is provided for portfolio preparation for UCAS applications or job interviews
PROGRESSION	<ul style="list-style-type: none"> ▶ Level 1 ▶ Supported Internship ▶ Employment 	<ul style="list-style-type: none"> ▶ Level 2 Diploma ▶ Level 2 Apprenticeship ▶ Supported Internship ▶ Employment 	<ul style="list-style-type: none"> ▶ Level 3 Diploma ▶ Level 3 Apprenticeship ▶ Employment 	<ul style="list-style-type: none"> ▶ HNC or HND ▶ University Level Course ▶ Higher Apprenticeship ▶ Employment 	<ul style="list-style-type: none"> ▶ HNC or HND ▶ University Level Course ▶ Higher Apprenticeship ▶ Employment

*For certain courses, more specific entry criteria may apply. See website for details.

GET THE MOST FROM COLLEGE LIFE >>>>

College isn't all about what you do in the classroom. There's a range of exciting opportunities to explore when you're not studying. Taking part in an enrichment activity is a great way to make new friends, learn new skills and have fun!

How you can join in:

- > **ACTIVITY PROGRAMME** – each term we offer a range of activities including clubs, sports, chillout activities and much more
- > **FRESHERS' FAIR** – discover more about College life, grab some freebies and have some fun!
- > Other fun events planned throughout the year

To find out more about enrichment visit www.esc.ac.uk/enrichment

BY STUDENTS FOR STUDENTS

East Surrey College's Students' Union is there to support you.

We work hard to provide a wide range of interesting activities for students to take part in, but we're always open to new suggestions and ideas for activities you would like to do.

The SU meets with the College Senior Leadership team to help evolve the College experience for all, ensuring students' views and opinions are included every step of the way.

AIMS & RESPONSIBILITIES

- > To ensure the student body has a running voice throughout the College
- > Fundraising for charity and for extra facilities for students
- > To strengthen the community spirit within the College

To find out more visit www.esc.ac.uk/student-union

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T Levels are Level 3 technical qualifications equivalent to a Level 3 vocational study programme or 3 A Levels, designed in collaboration with the best employers to meet the skills needs of future workforces.

These 2 year courses combine a mixture of College-based learning and 'on-the-job' experience during an industry placement of at least 315 hours (approximately 45 days).

ENTRY REQUIREMENTS

Similar to A Levels, you will need 5 GCSEs grade 9-4 including English and Maths; or a Level 2 diploma/ extended certificate.

YOUR PROGRESSION OPTIONS

At the end of the two-year course, you will receive an overall grade (Pass, Merit, Distinction, Distinction*) and you will gain UCAS points equivalent to taking three A Levels. Your progression options include:

- ▶ Skilled employment
- ▶ Higher level study including university
- ▶ Higher level apprenticeships

for Construction // T Level

Apprenticeships

Earn while you learn, build your skills and gain a nationally recognised qualification.

WHAT IS AN APPRENTICESHIP?

Apprenticeships combine real work with training and study. Being an apprentice isn't the same as being a college or university student. You will be putting what you learn straight into practice. Apprentices don't have to pay tuition fees either.

WHO CAN BECOME AN APPRENTICE?

To start an Apprenticeship you will need to secure employment, be aged 16+ and not be in full-time education.

YOUR NEXT STEPS

After completing an Apprenticeship, your employer may offer you a permanent role although this is not guaranteed.

We offer Apprenticeship programmes from **LEVEL 2 to LEVEL 6** in a wide range industries:

- ▶ ANIMATION
- ▶ AVIATION
- ▶ BUSINESS & ACCOUNTING
- ▶ CHILDCARE & EARLY YEARS
- ▶ CONSTRUCTION
- ▶ CUSTOMER SERVICES
- ▶ EDUCATION & TRAINING
- ▶ ENGINEERING
- ▶ HAIRDRESSING & BARBERING
- ▶ HEALTH & SOCIAL CARE
- ▶ IT & DIGITAL
- ▶ QUANTITY SURVEYING (RICS Accredited BSc Hons)

Access to Higher Education

If you have taken a break from education and are eager to return, or if you need to gain the required qualifications, an Access to HE course is designed to prepare adults (19+) for studying at a higher level.

These one-year intensive courses are designed to help make your transition to university study easier. With small class sizes and plenty of individual support, we will help you to reach your goal.

Courses are broken down into manageable units focusing on giving you the study skills and knowledge required for university, perfect for those who have been out of education for some time.

Course Highlights

Access to Higher Education courses are widely recognised by UK universities.

You will build the skills and confidence to prepare for the demands of undergraduate studies.

A great way to prepare adults 19+ who would like to study higher education but do not have the necessary qualifications.

Progression Pathways

This intensive course is equivalent to 3 A levels and will prepare you for studying a university level course.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Career ideas for you

- ▶ Registered Nurse
- ▶ Occupational Therapist
- ▶ Midwife
- ▶ Radiographer
- ▶ Physiotherapist
- ▶ Podiatrist
- ▶ Dental Nurse

Applied Science

If you enjoy all things science, have a passion for problem solving and a good eye for detail then a science qualification can open doors to a fascinating range of careers.

By studying an Applied Science course with us, you will broaden your scientific knowledge and skills in biology, chemistry and physics whilst developing specialist skills that can be linked to specific areas within the industry. You'll get hands-on experience in our well-equipped industry-standard laboratories.

Applied Science opens up a wide range of career opportunities in various industries where scientific principles are put into practice.

Course Highlights

You will develop technical skills and knowledge in our state-of-the-art laboratory.

You will benefit from working collaboratively and take part in work-based projects.

Hear from external industry speakers such as forensic scientists and clinical nurses and doctors.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in a science based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Aviation, Travel & Tourism

If you have a passion for travel, are great with people and have the drive for adventure, then an Aviation, Travel & Tourism course can open doors to a diverse range of careers.

We're all about preparing you for a career in this dynamic global industry, and we even have a mock airline cabin which gives our students the chance to learn practical inflight skills.

You will learn about the aviation sector and prepare for employment by developing a range of transferrable industry skills and knowledge no matter which career path you choose to follow.

Course Highlights

You will have the opportunity to go on a range of study visits.

Our tutors have all worked in the industry and bring a wealth of experience to lessons.

Hear from external industry speakers from airlines such as EasyJet and British Airways and airports including Biggin Hill Airport and Gatwick Airport.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in a travel based career or start an Apprenticeship.

My ESC Story...

What led you to choose this course?

"For as long as I can remember, art has been a huge interest of mine. This course at the Reigate School of Art was the perfect choice for me, because I could focus solely on art and develop necessary skills for a career in the art industry."

Did you complete any work experience during the course?

"My classmates and I were able to work on professional briefs and receive valuable feedback from clients. My first work experience was with Curtis Packaging. Overall, the work experience offered to me has helped further my understanding of industry, and has provided me with experiences that I can add to my CV."

What are your future plans?

"I have enjoyed my time so much that I have enrolled onto the Level 4 Foundation Diploma to gain more knowledge, practice and experience before progressing to university."

JESSICA

Level 3 Extended Diploma

Creative Careers

The Creative Industries is one of the most exciting and fast growing sectors in the UK adding £124bn of value to the UK. Here is a selection of career pathways for you to discover:

Art & Design:

Artist
Graphic Designer
Illustrator
Fashion Designer
Interior Designer
Architectural Designer
Advertising Art Director

Creative Media & Games Design:

Animator
Games Designer
Visual Effects (VFX) Artist
Storyboard Artist
3D Modeller
Video Game Tester / QA Tester
Motion Graphics Designer
UI / UX Designer
Game Writer / Producer

Film & Photography:

Cinematographer
Photojournalist
Videographer
Visual Effects (VFX) Artist
Film Critic / Reviewer
Photographer
Film Producer
Video Editor

Music & Sound Production:

Music Producer
Sound Engineer
Sound Designer
Mixing / Mastering Engineer
Musician / Composer
Film / TV Post-Production Mixer
Podcast Producer
Studio Technician
Vocalist / Performance Artist

Digital & IT

Digital and IT is a rapidly growing employment sector with a growing demand for professionals who can provide technical support, develop digital experiences and ensure cyber security. These industry-tailored courses provide an ideal route to employment or progression to university level study.

To gain the skill-set which is highly sought after by employers, you'll learn both theory and practical skills, exploring different areas including programming, networking, databases, and cybersecurity.

To prepare you for working with the latest technology in the business world, you will have access to:

- ▶ State-of-the-art equipment and software
- ▶ A dedicated hacking suite

Course Highlights

There will be opportunities to work on 'live' projects with local employers and entrepreneurs.

Access regular CV, career development and UCAS support.

You will benefit from employer seminars and presentations across various industries.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in a digital or IT based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Career ideas for you

- ▶ IT Technician
- ▶ 3D Printing Technician
- ▶ Games Developer / Tester
- ▶ Data Scientist
- ▶ Cyber Security Co-ordinator
- ▶ Network Engineer
- ▶ Software Developer
- ▶ Technical Architect

Early Years & Childcare

Working with small children is a job that makes a big difference by helping to give children the best start in life. For a rewarding career in early years and childcare, gaining a qualification is the first step.

You will gain an introduction to caring for children aged 0-5 years, as well as working with children up to 7 years. You will also develop a range of skills and learn about:

- ▶ Child development and behaviour
- ▶ Safeguarding and wellbeing
- ▶ Care routines
- ▶ Working with others

Course Highlights

Benefit from working with industry-experienced tutors, ensuring you get the required support.

You will undertake a work placement which will give you valuable experience of different childcare settings increasing your employability skills.

An NCFE CACHE qualification is a hallmark of quality, and assures employers that their workforce has the right knowledge, skills and behaviours to excel in their professional responsibilities.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in an early years or childcare based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Career ideas for you

Engineering

The engineering industry accounts for nearly a 5th of the total UK workforce, offering a wide range of career options. If you have an interest in science, technology and construction then our engineering courses will allow you to develop the core skills and knowledge to start your career journey.

Our Level 2 qualification will introduce you to many aspects of manufacturing engineering relating to the design of products and how the industry works. You will learn how to use lathes and mills as well as how to produce Computer Aided Design (CAD) drawings.

The T Level is a 2 year course, ideal for those interested in a career in electrical/electronic engineering and combines:

- ▶ Classroom study
- ▶ Practical learning
- ▶ Industrial placement of 315 hours (min)

Course Highlights

Our Engineering courses delivered by industry-experienced tutors.

Develop your skills in well-equipped Engineering and Augmented Reality Welding workshops.

Our Careers team can help you explore a range of career paths and support with uni applications.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in an Engineering based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Hair, Beauty, & Make-Up

The hair and beauty industry is a diverse, multi-billion pound industry, always looking for the next trend or new treatments. Working in this sector is a great choice if you have a creative flair and good people skills.

You will gain hands-on experience in our state-of-the-art professional salons and studios. Our industry professional tutors and staff will support your training to take your talent to the next level.

Each course is designed to develop your skills and knowledge in your chosen discipline and includes:

- ▶ An introduction to each sector
- ▶ Treatments and techniques
- ▶ Client care and communication skills
- ▶ Health and safety practice

Course Highlights

Learn in industry standard workshops and salons.

Our professional training salon is open to the public, staff and students.

You will have the opportunity to showcase your work and compete in competitions, both internally and externally.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in a Hair, Beauty, Make-Up or Spa based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Skills for Life

ESOL

If English is not your first language, we offer a number of ESOL (English for Speakers of Other Languages) courses for students who need support with reading, writing, listening and speaking in English.

Our ESOL tutors will help you learn and enhance your grammar and vocabulary for work, study and home life.

Whether you're new to the English language or looking to enhance your existing skills, studying an ESOL course will provide you with the tools and confidence to communicate with friends and employers, pursue further education and enjoy everyday life in the UK.

Course Highlights

You will develop effective personal skills for social interaction through spoken language and body language.

Career planning and making applications for other college full-time courses or future employment.

You will also be supported in gaining Maths Functional Skills or GCSE qualifications.

Progression Pathways

IN COLLEGE – We will support your progression through College onto a full-time vocational course.

EMPLOYMENT – You will increase your employment prospects by studying an ESOL course or start an Apprenticeship.

ESOL courses will support you with:

- ▶ Speaking, listening, reading and writing skills
- ▶ Grammar, pronunciation and intonation
- ▶ Healthy living
- ▶ Qualities and attitudes for learning and work
- ▶ Confidence in daily life
- ▶ Cultural engagement
- ▶ Future study and work readiness

Skills for Life SEND

Life Skills SEND courses are specifically designed to meet the needs of students who have a learning difficulty and/or disability, and to help them reach their potential.

Our Life Skills SEND programmes are designed to support you to increase your confidence, self-esteem, self-awareness and independence. You could potentially progress onto higher level courses across the College.

We will help you develop independent living and employability skills that will increase your future opportunities and help you in your everyday life.

Course Highlights

Our SEND team work closely with parents and students to develop specialist programmes.

Specialist tutors and assistants are on hand to support students with Special Educational Needs and Disabilities.

We offer tailored and specific support to meet a wide range of personal and educational needs.

The Hub

ADDITIONAL LEARNING SUPPORT AREA

Students with additional learning needs will enjoy the dedicated space we call The Hub. With an art room and garden, it's a great space for quiet learning and students receive extra support from our specialist staff.

Students also have access to the Learning Resource Centre, IT suites and sports facilities.

Courses cover:

- ▶ Art and crafts
- ▶ Communication skills
- ▶ Computer skills
- ▶ Cooking and healthy living
- ▶ Developing skills for work and Independent living
- ▶ Numeracy and literacy

Motor Vehicle

If you have a passion for cars, motorbikes or trucks there are many career opportunities in the motor vehicle industry. Start your career on one of our courses that are structured to provide hands-on experience and technical know-how in industry-standard workshops.

With all the latest diagnostic equipment and technology, our workshops are fully equipped to ensure you will gain the most up-to-date industry knowledge, and skills with the kit used by motor industry professionals.

Depending on the course level, you will learn all about engines, chassis, electrical systems, suspension, gearboxes, and all the other elements needed to become a vehicle technician. You'll also learn about customer service and the importance of good communication skills and team work.

Course Highlights

Learn about vehicle maintenance, repair and fitting for all major vehicle systems.

Students enjoy a range of employer visits and motorsport track events.

The College has invested in a range of Electric/Hybrid Vehicles and maintenance equipment to meet the current demand in this sector.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in an Automotive based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

Public Services & Sport

Discover an exhilarating career path in the Armed Forces, Emergency Services or Prison Services, or perhaps you are interested in sports coaching or personal training?

Our courses are designed to prepare you for entry into the Public Services or Sports sectors and will give you the experience and fitness levels you'll require in the future.

You'll get a brilliant all-round grasp of the skills and disciplines needed to enter these challenging but rewarding professions.

You'll be taught by our team of industry experienced tutors who will develop your communication, leadership and team working skills for progression onto Higher Education or future employment.

Course Highlights

Our team of industry experienced tutors share their knowledge to support you.

Enjoy a range of visits and employer talks with the emergency services and armed forces.

Develop practical skills such as orienteering, while improving your personal fitness and taking part in rewarding community work.

Progression Pathways

IN COLLEGE – We will support your progression through College.

EMPLOYMENT – You may start working in a Public Services or Sport based career or start an Apprenticeship.

UNIVERSITY – A Level 3 qualification will allow you to progress to university. Our Careers team will assist you with your UCAS application and support you to choose the right university and degree for you.

GETTING TO THE COLLEGE

Our campuses are situated in Redhill and are easy to get to. We encourage students to use public transport. However, limited parking for students is available at our Gatton Point South campus.

WALKING
East Surrey College is a 20 minute walk from Redhill town centre.

CYCLING
Covered cycle racks are available on site.

TRAIN
Redhill has rail services to: Brighton, Crawley, East Croydon, Gatwick Airport, Horsham, Reigate, Three Bridges and Tonbridge.

BUS
Our campuses have bus stops right outside for the 405, 411 & 430 buses.

DRIVING
We are well situated on the A23 to the north of Redhill town centre with easy access from the M25 and M23.

Need help with travel costs? Speak to Client Services to find out about student fares and bursaries
